**PUR-1342
ADDENDUM NO. 2
INVITATION TO BID**

**FIRE SERVICE PERFORMANCE TESTING / INSPECTION
OF
FIRE HOSES, FIRE PUMPS, GROUND LADDERS, AND AERIAL DEVICES**

DATE: Monday, April 10, 2017

**BIDS DUE: Wednesday, April 12, 2017
2:00 P.M.**

To Bidders:

This Addendum is hereby made a part of the Contract Documents on which all bids will be based and is issued to correct and clarify the original documents.

Please acknowledge receipt of this Addendum at the appropriate space on the Proposal Form. This Addendum consists of two (2) pages.

NOTE: All Bidders must enter the Washington County Administration Complex through either the front door at the 100 West Washington Street entrance or through the rear entrance (w/blue canopy roof) which is handicap accessible, and must use the elevator to access the Purchasing Department to submit their proposal and/or to attend the Pre-Proposal Conference. Alternate routes are controlled by a door access system. Washington County Government has announced new security protocols being implemented at the Washington County Administration Complex at 100 West Washington Street, Hagerstown. The new measures took effect Tuesday, February 14, 2017. The general public will be subject to wand search and will be required to remove any unauthorized items from the building prior to entry. Prohibited items include, but are not limited to: Weapons of any type; Firearms, ammunition and explosive devices; Cutting instruments of any type - including knives, scissors, box cutters, work tools, knitting needles, or anything with a cutting edge, etc.; Pepper spray, mace or any other chemical defense sprays; and Illegal substances.

ITEM NO. 1: Inquiry: Just verifying, we are able to use the training center on Bowman ave for pump testing as well as Hose testing. Area needed is a parking lot with 50' by 300' clear with a water supply. Do you have a contact for the location to confirm?

(NOTE: The wording of all "Inquiries" submitted are displayed exactly as received.)

Response: The hose testing may be performed at the Bowman Ave site if it is done in conjunction with the pump test. Otherwise, hose testing would typically be performed at the fire companies, unless there was not sufficient room, in which case it could be performed at the Bowman Ave site.
