COUNTY COMMUTER BUS ADVERTISING

We appreciate your interest in advertising on *County Commuter* buses. We offer effective, affordable "Rolling Billboards" that travel eight (8) different routes with seventeen (17) deviations throughout the City of Hagerstown and the surrounding area. Our buses are rotated throughout each of these routes, meaning each bus ad will eventually be seen in all parts of our service area.

Transit signage is considered less expensive than traditional billboards and by virtue of being mobile, they are not stuck in one location day after day.

Sign placement on the *County Commuter* buses is as follows. Please contact our office for availability.

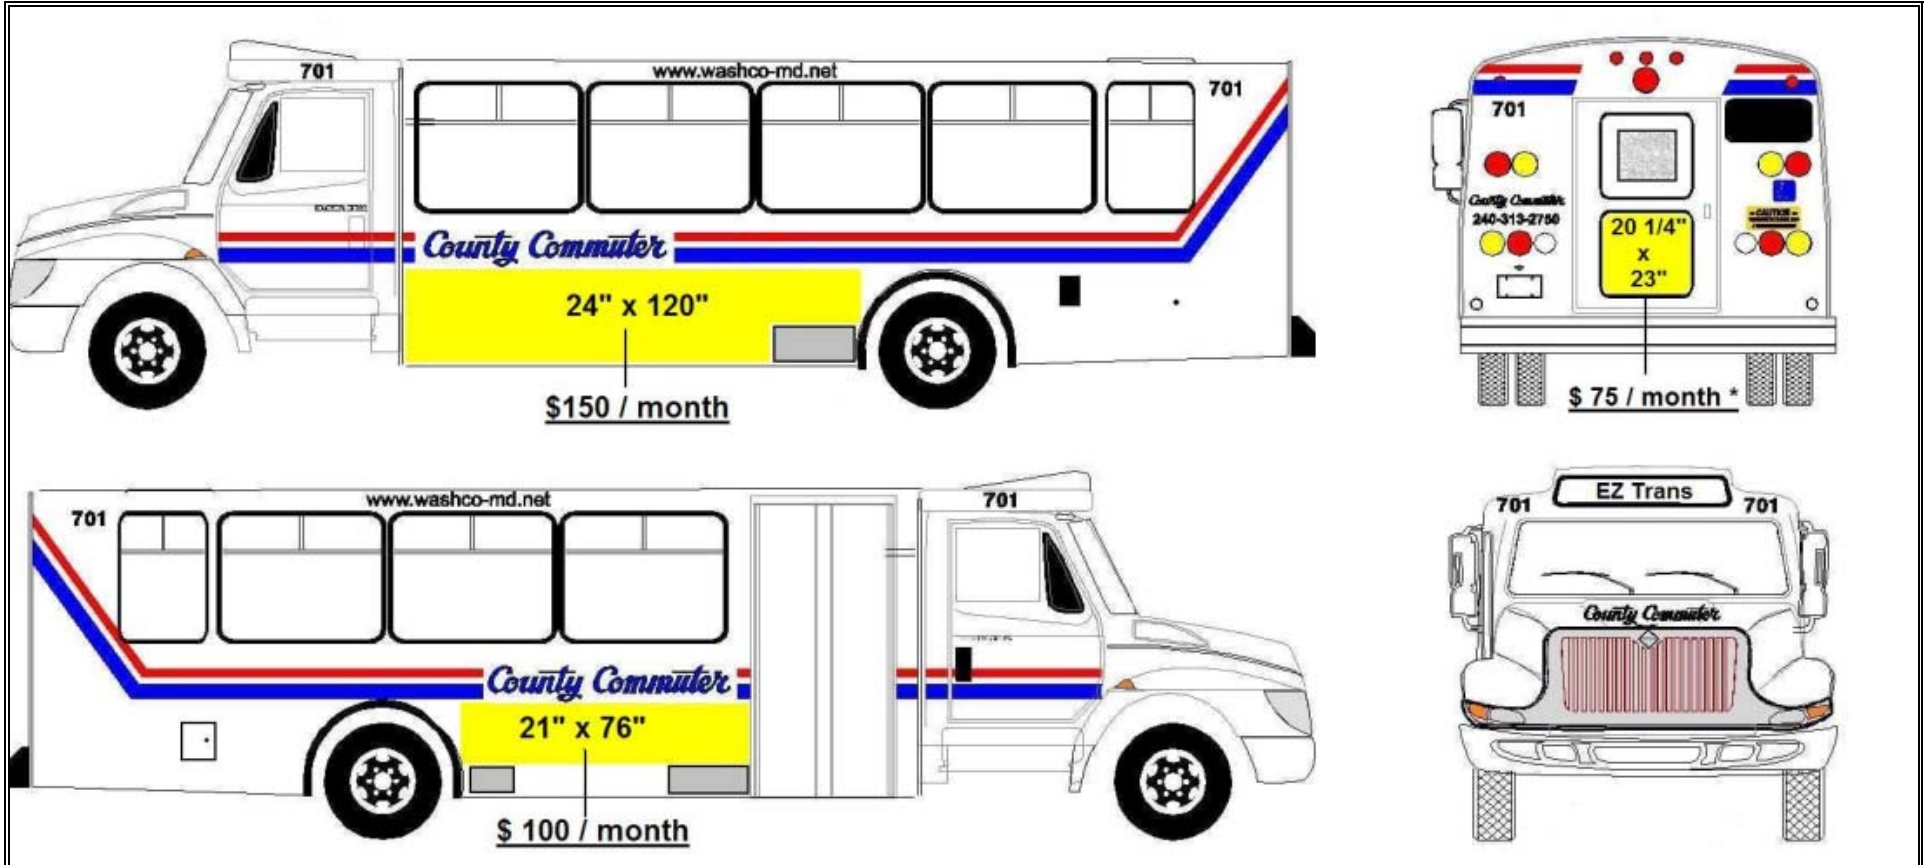

Driver Side – 24" x 120" (20 sq. ft.) **Curb Side** – 21" x 76" (11 sq. ft.) **Rear Window** – 20¼' x 23" (3 sq. ft.)

In an effort to assist you, we have attached a list of transit sign developers / installers who have expressed willingness to assist you with your graphic design needs. We are providing the information as a convenience to you. *County Commuter* does not endorse, or contract with on your behalf, any of the sign companies listed. As part of your agreement with *County Commuter* you are not under any obligation to use any of these businesses.

OUT-OF-SERVICE VEHICLES

Preventative maintenance and vehicle accident damage bring all buses into the garage on a random basis during their lifetime. If a vehicle is out of service for a 30-day period, or longer, we will extend the contract that amount of time at no charge to the advertiser. If there is damage to the advertising signage, the "at-fault" party will be responsible for reimbursement of the repairs to both the vehicle and the signage. If the vehicle is considered "totaled", we would prorate a reimbursement of the rental costs based on the contract terms.
