How to Use County Commuter

Planning Your Trip

County Commuter routes operate on regular schedules. To plan your trip, determine which route serves the area in which you want to travel, when you would like to arrive at your destination, and look at the bus arrival times to determine which best suits your needs. Next, determine where and when you will need to catch the bus in order to arrive at your destination at the desired time. Timepoints are approximate, so plan to arrive at the bus stop five minutes early.

Note that several of the routes follow slightly different routings on different runs. Be sure to check the map and schedule for your route to determine which runs serve the areas to and from which you wish to travel.

It may be necessary for you to transfer if the bus that serves your destination does not serve the area in which you plan to board the bus. If so, consult the schedule for the time the bus that goes to your destination leaves at the Transfer Center, located at 123 W. Franklin St. in downtown Hagerstown. Next, find and determine which route you need to catch for the bus serving the area where you will be boarding, to arrive at the transfer center in time to board the second bus.

Like any skill, trip planning takes a little practice. If you aren't sure which route to take or what the nearest timepoints are to your origin or destination, call the County Commuter office and a member of our staff will be happy to answer any questions you may have or assist you in planning your trip.

Catching the Bus

County Commuter has designated stops indicated by bus stops signs. In addition, you may flag the bus to stop at any street corner along the route except at: corners where the right lane must turn right and the bus route does not turn right, or at corners where the bus route turns left from the left lane, and at corners where road conditions are such that a bus stop would be unsafe for passengers. If you are unsure whether or not a specific location is a bus stop, please call us.

Scheduled times are approximate, since bus travel times

can vary by several minutes due to traffic and weather conditions. Please be at the designated locations 5 minutes before times listed. Please have your fare ready before you board the bus.

To flag the bus at a corner which does not have a designated bus stop sign, raise your arm and indicate your desire to board with a wave of your hand.

Boarding the Bus

When boarding the vehicle, pay the fare in exact change (U.S. dollar bills and coins), or present a valid transfer slip, ticket, or pass.

If you qualify for reduced fare, you must present your I.D. card when you pay your fare or purchase tickets in advance. Acceptable types of I.D. are County Commuter, Medicaid/Medicare and student I.D. cards.

Transferring Between Routes

It may be necessary to ride two different buses to reach your destination. If this is the case, when you depart the first bus ask the driver for a transfer. When you board the 2nd bus, use your transfer in place of another fare. If you have a monthly pass no transfer is needed.

Transfers are issued and redeemed only at the Transfer Center or at a substitute location authorized by Washington County Transit – restrictions apply. Transfers are good for 1 (one) hour but are not guaranteed.

While on Board

For the safety and comfort of all passengers, please observe the following.

- Bring on board only those items which will fit on your lap or under your feet. Strollers and shopping carts may not block passenger access.
- Refrain from smoking, eating, drinking, chewing gum, loud talking (including cell phones), offensive language, and playing audio (including headsets if audible to others) and electronic game devices.
- Shoes and shirts required.

- Only service animals or small caged animals permitted on board.
- Children must be kept under control and seated at all times. Children under 12 must be accompanied by an adult.
- Disruptive behavior, intoxication or harassment of others will result in loss of riding privileges.
- Remain seated until bus has reached your destination and has fully stopped. Standing in only permitted only when no seats are available.
- Wait until the bus has stopped before asking the driver questions. Because safety is our top priority, bus drivers need to direct their attention to driving while the bus is moving.

Exiting the Bus

Just before you reach your stop, pull the cord located above the window to let the driver know you wish to get off.

If the location is unsafe or is not permitted under our flag stop policy, the driver will stop at the next safe location.

If you need assistance in identifying the block where you wish to exit, ask the driver when you board the bus, and sit near the front so that the driver can alert you when approaching that stop.

Lost and Found

If you believe you may have left an item on the bus, call the County Commuter office. Found items will be turned in to the office at the end of the day, where they may be picked up the next business day.

Holiday and Service Changes

Service will not operate on the following holidays: Independence Day, Memorial Day, Labor Day, Thanksgiving Day, Christmas Day, and New Year's Day. Modified service is available on Christmas Eve.

For information on County Commuter service changes due to icy roads or inclement weather, call the County Commuter office and follow the menu prompts.
