Subject: Minimum Payment Increase

Effective July 1, 2010 the permit application procedures will be modified to require a \$500 minimum payment at time of submittal. If the total permit fee is less than the minimum, the entire amount will be due upon application.

Also effective July 1, 2010, the fee for plan revisions will be increased as follows:

Residential	\$100
Non-Residential	\$200

Remember the fee will only be charged when there is a major change in plans on a project with a permit **that has been issued**. A major change is defined as any change that requires new drawings.

If you have any questions regarding this change please ask.
