ADDITIONAL GUIDANCE

- 1. Curbside Pick-Up at Non-Essential Businesses Not Permitted // Non-Essential businesses may continue to sell products on a delivery basis, within CDC/MDH guidance
- 2. Essential Activity is engaging in outdoor activities, such as walking, hiking, running, or biking, but only in compliance with social distancing guidance by CDC/MDH and no more than 10 persons
- 3. Persons who regularly commute into Maryland from an adjacent state or the District of Columbia, or visa-versa, unless such persons otherwise self-quarantine under applicable CDC or MDH guidance (recent travel to New York/Travel to New Yor

Per OLC Interpretive Guidance COVID 19-07 & 19-08

- 1. Staff Access to Non-Essential Businesses. The Order requires businesses, organizations, and facilities to close to the general public. This does not prohibit staff from being on-site as reasonably necessary for the purposes listed below, if this can be accomplished in a manner consistent with all applicable guidance from the U.S. Centers for Disease Control and Prevention ("CDC"), the Maryland Department of Health ("MDH"), and the Occupational Safety & Health Administration ("OSHA") regarding social-distancing and environmental cleaning and disinfection:
 - a. Facilitating remote working ("telework") by other staff.
 - b. Maintaining essential property.
 - c. Performing essential administrative functions, including without limitation, picking up mail and processing payroll.
 - d. Preventing loss of, or damage to property, including without limitation, preventing spoilage of perishable inventory.
 - e. Caring for live animals.
 - f. Continuing to sell products on a delivery or "curbside" pick-up basis.
- 2. When "Non-Essential" Status is Unclear. If a business, organization, or facility is unsure about whether or not it is considered "non-essential" under the Order, it should:
- a. First, carefully review the Order, all available guidance from the Cybersecurity and Infrastructure Security Agency (see https://www.cisa.gov/identifying-critical-infrastructureduring-covid-19), and all Interpretive Guidance issued by OLC to confirm that the business, organization, or facility is not addressed in some way.
 - b. Second, if "non-essential" status is still unclear, make a good faith determination about whether it is "non-essential", based on:
 - i. the Order's purpose, which is to "reduce the threat to human health caused by the transmission of the novel coronavirus in Maryland, and to protect and save lives"; and
 - ii. how similar businesses, organizations, and facilities are treated under the Order.
- c. Third, if the business, organization, or facility decides to remain open pending more detailed legal advice, strictly adhere to all applicable guidance from the CDC, MDH, and OSHA regarding social-distancing and environmental cleaning and disinfection.
