

APPLICATION FOR PROPERTY TAX CREDIT FOR IMPROVEMENTS TO HISTORIC STRUCTURES

INTRODUCTORY REMARK: This application is submitted pursuant to An Ordinance to Provide Property Tax Credits for Improvements to Specified Historic Structures in Washington County, Maryland. It is the intent of this Ordinance to allow credit for bonafide and properly executed restoration activities which can be approved according to the standards specified in the Washington County Zoning Ordinance, including the Secretary of Interior’s Standards for Rehabilitation and Guidelines for Rehabilitating Historic Buildings used by the Historic District Commission of Washington County, Maryland. It is not intended to provide credit for historically inappropriate modifications, normal maintenance activities, or repairs improperly performed.

Credits are available for restoration activities on the **EXTERIOR** of structures only. No credits will be approved for construction activities on the interior of the structure. Credits are available for expenditures made after July 1, 1990.

Other forms of tax advantages may be available from other government jurisdictions. However, property owners should **not** assume that granting of a credit on Washington County real property taxes, as a result of this application, will guarantee qualification for other jurisdiction’s tax advantages.

APPLICANTS SHOULD INCLUDE ‘BEFORE AND AFTER’ PHOTOGRAPHS WHENEVER POSSIBLE.

The completed application and all supporting documents should be mailed to:

**Washington County Historic District Commission
c/o Washington County Department of Planning & Zoning
100 W. Washington Street, Suite 2600
