SUBJECT: Office of Problem Solving Courts Discretionary Grant - Approval to Submit Application and Accept Awarded Funding

PRESENTATION DATE: March 20, 2018
PRESENTATION BY: Stephanie Lapole, Grant Manager, Office of Grant Management and Eunice Plank, Court Administrator, Circuit Court for Washington County

RECOMMENDED MOTION: Move to approve the submission of the grant application for the FY19 Office of Problem Solving Courts Discretionary Grant in the amount of $\$ 187,225$ and accept funding as awarded.

REPORT-IN-BRIEF: The Office of Problem-Solving Courts Discretionary Grant assists with the operational expenses and ancillary services of the Drug Court Programs. Due to a continual low case load, the Juvenile Drug Court Program will be phased out after the remaining participants complete the program. A small portion of requested funds will go toward the support of the few remaining youths for transportation and drug testing services. The balance of the grant funds will be used to implement an Adult Drug Court Program which is currently in the planning phase. The Adult Drug Court will provide supervision and access to services that will reduce substance using and criminal behavior while increasing positive community involvement and overall individual and family functioning. The grant funds will allow better access to justice and treatment services by assisting with transportation, providing frequent drug and alcohol monitoring and case management services.

DISCUSSION: The Office of Grant Management has reviewed the grant application. Matching funds are not required for this program. In the case that the anticipated grant funds are not awarded, the Circuit Court Drug Court would request that the Washington County Commissioners cover the cost for wages and benefits of the Coordinator's position. Other program services such as transportation assistance and trainings would be eliminated unless other local grant funds could be secured. Drug testing would be limited to the number of tests that individual participants insurances would cover. Additional drug tests will be provided by the Drug Court.

FISCAL IMPACT: Provides $\$ 187,225$ for the Drug Court Program
CONCURRENCES: Director, Office of Grant Management
ALTERNATIVES: Deny approval for submission of this request

SUBJECT: Intergovernmental Cooperative Purchase (INGT-18-004) - Four (4) 2018 Ford Escape and One (1) 2018 Dodge Ram 1500 Pickup for Washington County Engineering and Washington County Construction Departments.

PRESENTATION DATE: March 20, 2018
PRESENTATION BY: Brandi Naugle, CPPB, Buyer - Purchasing Department, Scott Hobbs, Director of Engineering and Rich Eichelberger, Director of Construction/Code Official.

RECOMMENDED MOTION: Move to authorize by Resolution, Washington County Engineering Dept. to purchase two (2) 2018 Ford Escape, 4 Wheel Drive Compact Utility Vehicles for $\$ 21,677.00$ each and to authorize the Washington County Construction Dept. to purchase two (2) 2018 Ford Escape, 4 Wheel Drive Compact Utility Vehicles for $\mathbf{\$ 2 1 , 6 7 7 . 0 0}$ and One (1) 2018 Dodge Ram 1500, $1 / 2$ Ton Pickup Truck for $\$ \mathbf{2 4 , 5 9 9 . 0 0}$ from Hertrich Fleet of Milford, DE. The total amount for all five vehicles is $\mathbf{\$ 1 1 1 , 3 0 7 . 0 0}$ and to utilize another jurisdiction's contract (\#001B8400168) and (\#001B8400177) that was awarded by the State of Maryland Department of General Services Office of Procurement and Logistics.

REPORT-IN-BRIEF: The Code of Public Laws of Washington County, Maryland (the Public Local Laws) §1-106.3 provides that the Board of County Commissioners (BOCC) may procure goods and services through a contract entered into by another governmental entity, in accordance with the terms of the contract, regardless of whether the County was a party to the original contract. The State of Maryland Department of General Services Office of Procurement and Logistics took the lead in soliciting the resulting agreement. If the BOCC determines that participation by Washington County would result in cost benefits or administrative efficiencies, it could approve the purchase of this service in accordance with the Public Local Laws referenced above by resolving that participation would result in cost benefits or in administrative efficiencies.

The County will benefit with direct cost savings in the purchase of the vehicles because of the economies of scale this buying group leveraged. I am confident that any bid received as a result of an independent County solicitation would exceed the spend savings that the State of Maryland’s bid provides through this agreement. Additionally, the County will realize savings through administrative efficiencies as a result of not preparing, soliciting and evaluating a bid. This savings/cost avoidance would, I believe, be significant.

## DISCUSSION:

N/A

FISCAL IMPACT: Funds are budgeted in the Washington County Engineering Dept. and the Washington County Construction Dept.'s Capital Improvement Plan account (VEH008) in the amount of $\$ 98,300.00$. Funds are budgeted in the Washington County Construction Dept. general fund in the amount of $\$ 21,677.00$.

CONCURRENCES: N/A
ALTERNATIVES: 1. Process a formal bid and the County could possibly incur a higher cost for the purchase, or 2. Do not award the purchase of vehicles.

SUBJECT: Rejection of Request for Proposal (PUR-1375) Food Services at the Washington County Detention Center (WCDC)

PRESENTATION DATE: March 20, 2018
PRESENTATION BY: Rick Curry, CPPO - Director of Purchasing and Major, Craig Rowe Washington County Detention Center

RECOMMENDED MOTION: Move to take action that is in the best interest of the County by requesting that all the proposals received for PUR-1375 Food Services be rejected and to extend the current contract with Aramark Correctional Services, Inc. until June 6, 2018 to allow the department time to revise the Request for Proposal (RFP) document and re-advertise to solicit new proposals. The proposals were determined by the Coordinating Committee to be non-responsive to the County's RFP for Qualifications/Experience \& Technical Proposals because they did not meet the meals and staffing requirements.

REPORT-IN-BRIEF: The Request for Proposal (RFP) was advertised in the local newspaper, listed on the State of Maryland's "eMaryland Marketplace" website and on the County's web site. Forty-six (46) persons/companies accessed the RFP document on-line from the County's web site.

On April 2, 2013, the Board awarded a contract to Aramark Correctional Services, Inc. to furnish food services at the Washington County Detention Center (WCDC), to include inmate and staff meals seven (7) days/week and program support services for an approximate population of 425 inmates. The term of the contract was for one (1) year beginning May 1, 2013, with an option by the County to renew up to four (4) additional consecutive one-year periods

Open Session Item
SUBJECT: Water \& Sewer Collections Policy
PRESENTATION DATE: Tuesday, March 20, 2018
PRESENTATION BY: Jim Hovis, Chief Operating Officer and Sara Greaves, Chief Financial Officer
RECOMMENDED MOTION: Motion to Approve Policy
REPORT-IN-BRIEF: The policy was developed in order for timely and reasonable actions to be taken to collect past due amounts and to create a standard by which customers of water and sewer utilities will be encouraged to pay their bills on-time.

DISCUSSION: Subtitle 3 of the Code of Public Laws of Washington County granted the authority of the County to establish and collect allocation fees and charges for water/sewer service. In 2016 the Maryland General Assembly further clarified this authority by adding the authority to collect these fees and allocations in the same manner as ordinary property taxes. House Bill 831 outlining this authority was approved by the General Assembly and signed by the Governor on April 26, 2016 and included in the Acts of the General Assembly 2016, Chapter 279.

This policy addresses forward action to be taken regarding accounts that are currently over 365 days delinquent and sets in place specific action to be taken moving forward with regards to future delinquencies. The Policy was developed with the customer in mind, while striving to collect outstanding amounts in a timely manner.

Washington County, Maryland Financial Policies

Section: Collections of Unpaid Water \& Sewer Charges, including Interest and Penalties
Purpose: To take timely and reasonable actions to collect past due amounts and to create a standard by which customers of water and sewer utilities will be encouraged to pay their bills ontime.

Authority Subtitle 3 of the Code of Public Laws of Washington County granted the authority of the County to establish and collect allocation fees and charges for water/sewer service. In 2016 the Maryland General Assembly further clarified this authority by adding the authority to collect these fees and allocations in the same manner as ordinary property taxes. House Bill 831 outlining this authority was approved by the General Assembly and signed by the Governor on April 26, 2016 and included in the Acts of the General Assembly 2016, Chapter 279.

Therefore, effective with the approval of the Board of County Commissioners, the following policy will be implemented for the collections of all unpaid allocations, fees, and charges associated with services for water/sewer provided by the Washington County Department of Water Quality.

Delinquency The Washington County Department of Budget and Finance, Accounts Receivable (AR) shall consider and determine an account to be delinquent if an account remains unpaid for a total of thirty (30) calendar days after the end of the quarterly billing date and has a balance greater than $\$ 25.00$.

## Notice of Delinquency:

Once determined delinquent, a Notification of Delinquency letter (Exhibit A) shall be generated by Budget \& Finance and sent to the tenant/property manager and/or property owner notifying them of the delinquency and including a request for payment in full within thirty (30) days of the date of this notification. The Notification of Delinquency shall include:

1. The total number of days the account has been delinquent.
2. The total amount due, including interest and penalties.
3. The date the amount is due to avoid any further action.
4. Contact information for the Washington County Department of Budget \& Finance.
5. Statement informing the customer of the option to contact Budget \& Finance to make payment arrangements.
6. Information regarding any known resources for financial assistance, such as the website 211 md .org.
7. Warning that if the account is not made current, it will result in the unpaid delinquent amount being transferred to the owner's property tax bill and/or be scheduled for disconnection.

This Notice of Delinquency will be sent each quarter where the account is found to be delinquent. Therefore, a minimum of two letters will be mailed to the property owner and tenant/management company prior to the next step in the collections process.

## Lien Transfer to Tax:

Accounts that are 180 days past due and have a total amount due of $\$ 500.00$ or more as of March $31^{\text {st }}$, are considered critically delinquent. As such, the past due amount including penalties and interest shall be communicated to the owner in a Final Notice Lien Transfer to Tax (Exhibit B) to be mailed by April 15 each year. The letter shall clearly state that thirty (30) days from the date of the letter, the County will be adding the delinquent amount plus interest and penalties to the property owner's property tax bill on July $1^{\text {st }}$ and it shall be subject to collection in the same manner as ordinary taxes as provided by law including tax sale. Any balances not paid in 30 days will be transferred to the property owner's tax bill.

## Effective Date \& Delinquent Accounts:

Accounts that are past due 365 days or more on the effective date of this policy shall be automatically deemed Critically Delinquent. The entirety of the amount due will be attached to the property owners tax bill thirty (30) days after a single Final Notice of Intent to Collect letter is sent to the owners' address. The letter shall again include information on payment arrangements and financial assistance programs provided by local organizations that may offer utility assistance.

Other For further detail on this policy refer to the Accounting Procedural Manual, which is maintained separately from the Financial Policies Manual.

The Chief Financial Officer shall have the authority to make minor changes to the policy for administrative clarification or easier interpretation of the policy, providing policy intent is not affected by the change.

SUBJECT: FY2019 Water Quality Budget Discussion - Including Proposed Rates for FY19
PRESENTATION DATE: Tuesday, March 20, 2018
PRESENTATION BY: Sara Greaves, Chief Financial Officer; Dan DiVito, Deputy Director, Division of Water Quality; Mark Bradshaw, Deputy Director, Division of Water Quality

RECOMMENDED MOTION: N/A
REPORT-IN-BRIEF: The FY2019 Water Quality budget will be presented which includes the following funds: Water, Sewer, Utility, and Pretreatment. Also discussed will be the FY19 proposed rate changes for Water and Sewer.

DISCUSSION: Major increases and decreases in the funds will be presented along with proposed rate increases for FY2019. Water and Sewer revenue requirements show that an increase in water and sewer revenue is necessary to facilitate the Department of Water Quality's long-range financial plans.

FISCAL IMPACT: The Water Quality budget increased by $1.9 \%$ or $\$ 364,080$. Proposed FY2019 rates reflect an increase over the prior year.

7 General Operations:

- Salaries and Benefits decreased $\$ 194,780$ due to a lower percentage of salaries being allocated to this department based on prior years actual expense.
- Debt costs increased $\$ 74,050$ primarily due to debt issued for Conococheague ENR upgrades required by MDE.
- Appropriation-CIP increased $\$ 61,000$ to agree with funding for CIP projects.
- Utility Admin Charge decreased $\$ 48,180$ based on amount needed to fund Utility Admin for services provided.

8 Maintenance Treatment Plants

- Salaries and Benefits increased $\$ 51,000$ due to the proposed cost of living adjustment as well as a higher percentage of salaries being allocated to this department based on prior years actual expense.

9 Conococheague Treatment Plant:

- Salaries and Benefits increased $\$ 57,390$ due to the proposed cost of living adjustment and a new position requested for an apprentice.
- Electric increased $\$ 120,000$ based on the anticipated increase in usage caused by the treatment plant upgrade.
- Sludge Dewatering decreased by $\$ 30,000$ in anticipation that the new centrifuges will be more efficient than the current belt presses used in this process.

10 Smithsburg Treatment Plant:

- Salaries and Benefits increased $\$ 22,200$ due to the proposed cost of living adjustment.
- Contracted/Purchaseds Service increased \$2,100 to allow for SBR cleaning.
- Electric increased by $\$ 2,500$ due to prior years and anticipated usage.
- Asset purchases increased $\$ 9,000$ to replace the 25 year old Polyblend System that has outlived its useful life and replacement parts are no longer available.

11 Collection Lines Operations

- Salaries and Benefits increased $\$ 81,310$ due to the proposed cost of living adjustment as well as a higher percentage of salaries being allocated to this department based on prior years actual expense.
- Electric increased by $\$ 24,500$ due to rising rates, prior year actuals, and anticipated usage.

12 Collection Lines Maintenance:

- Salaries and Benefits increased $\$ 41,530$ due to the proposed cost of living adjustment as well as a higher percentage of salaries being allocated to this department based on prior year's actual expense.
- Supplies/Materials-Maintenance increased \$9,520 due to force main and gravity breaks increasing based on aging infrastructure.
