SUBJECT: **Public Hearing:** Agricultural Preservation Easement Rankings FY 2019

PRESENTATION DATE: June 19, 2018 at 10:30 a.m.

PRESENTATION BY: Eric Seifarth, Rural Preservation Administrator and Chris Boggs, Land Preservation Planner, Dept. of Planning & Zoning

RECOMMENDED MOTION: Move to approve the priority ranking of Agricultural Land Preservation Easement applications as recommended by the Agricultural Land Preservation Advisory Board and to forward the top 12 applications to the Maryland Agricultural Land Preservation Foundation (MALPF).

REPORT-IN-BRIEF: The purchase of permanent land preservation easements through the Maryland Agricultural Land Preservation Program (MALPP) is the largest part of Washington County's rural preservation strategy. All applications are ranked by the local Agricultural Land Preservation Advisory Board (Ag Board) using the adopted Priority Ranking Formula which assigns points for such things as quality of soils, proximity to other preserved lands, agricultural status, economic viability, and relationship to other land use areas in the County. Following review and consideration of public comment from this public hearing, Commissioners are requested to approve the top 12 applications to be forwarded to the MALPF Board. Easements are purchased in order from the priority list until funds are exhausted.

DISCUSSION: Maryland law requires MALPF and the County to maintain confidentiality of financial information and rankings for our easement applicants until the end of an annual easement acquisition cycle. Therefore, only the County Commissioners have the Excel spreadsheet of rankings by the Ag Board. The public copy lists only the names of applicants.

FISCAL IMPACT: No impact to County General Fund. Funding statewide for the FY 19 cycle will exceed \$50 million. The County will have an opportunity to contribute locally collected Agricultural Transfer Taxes in the Fall 2018. Local and State funds are combined (60% State and 40% County) to fund the matching portion of the program.

CONCURRENCES: The Ag Board has approved the rankings of these applications and the limit of 12 applications being forwarded to MALPF.

ALTERNATIVES: Change ranking and/or number of applicants submitted.

PRESENTATION DATE: June 19, 2018

PRESENTATION BY: Jeffrey Proulx, Chief Operating Officer, Washington County Public Schools and David Brandenburg, Executive Director of Finance, Washington County Public Schools

RECOMMENDED MOTION: Move to approve the requested third quarter adjustments to the Board of Education's FY2018 General Fund Budget.

REPORT-IN-BRIEF: The Annotated Code of Maryland requires local school systems to periodically re-forecast their financial needs and make necessary changes to their budgets. To that end, the Washington County Board of Education approved the attached list of changes to its FY2018 General Fund Budget at its June 5, 2018 meeting.

DISCUSSION: Several of the changes that the Board of Education approved on June 5, 2018 cross major categories. Therefore, these requested adjustments must also be approved by the Board of County Commissioners. The Board of Education has asked its Finance staff to review the requested budget changes with the Commissioners and answer any questions that they may have.

FISCAL IMPACT: None. These proposed modifications merely adjust the budget to allow for proper categorization of revenues and expenses.

CONCURRENCES: The Board of Education's Finance Committee reviewed the proposed adjustments at its May 22, 2018 meeting and recommended them for approval by the full Board. The Board of Education approved these changes at their June 5, 2018 meeting.

ALTERNATIVES: None

SUBJECT: Knox Box Key Access System for the Fire and EMS Companies in Wash. Co.

PRESENTATION DATE: June 19, 2018

PRESENTATION BY: Rick Curry, CPPO - Director of Purchasing and Samuel Anderson, Fire Operations Manager – Division of Emergency Services (DES)

RECOMMENDED MOTION: Move to authorize a Sole Source procurement of the Fire Department Knox Box Key Access System for the use by DES in the amount of \$45,042.90 from Knox Box of Phoenix, AZ.

REPORT-IN-BRIEF: The standardization of keys (with associated key security) will occur by establishing a universal Washington County Knox Box Key Access program. This will utilize the existing Knox Boxes already in place (approximately 700) and replaces the key core. The program will also install access key security hardware in Fire and EMS apparatus to ensure integrity of the key access program and it's issued access keys. There are currently nine (9) different Knox Box Key Access systems in use by Fire and EMS companies in Washington County. The lack of a universal countywide key access system creates problems when one company responds into another company's district and is unable to gain access without a Knox Box key to a property. In such an instance, the responding department would most likely have to force entry, resulting in personal property damage. This upgrade will change all existing Knox Box installations so that there is a single Washington County Knox Box access key. In addition, the program will upgrade and install alarmed lock systems which will be used to safeguard the keys in the Fire and EMS apparatus. Note: The Hagerstown Fire Department declined an offer from DES to be included in this program. There will still be a Hagerstown key that companies outside of Hagerstown will not carry.

This request requires the approval of four of the five Commissioners to proceed with a sole source procurement. If approved, the following remaining steps of the process will occur as outlined by the law: 1) Not more than ten (10) days after the execution and approval of a contract under this section, the procurement agency shall publish notice of the award in a newspaper of general circulation in the County and 2) An appropriate record of the sole source procurement shall be maintained as required.

DISCUSSION: N/A

FISCAL IMPACT: Request to utilize unused funds in the Division of Emergency Services FY'18 budget in account 515270-10-11525.

CONCURRENCES: Dave Hays, Director – Division of Emergency Services

ALTERNATIVES: Do not upgrade the Knox Box system and continue to incur cost to repair personal property.

SUBJECT: Washington County Commission on Aging Request for Matching Funds for Senior Center Improvements

PRESENTATION DATE: June 19, 2018

PRESENTATION BY: Susan Buchanan, Director, Office of Grant Management, Amy Olack, Executive Director, Washington County Commission on Aging

RECOMMENDED MOTION: Move to approve the request for funds in the amount of \$______ to provide the required match for the FY2020 Senior Center Activities Center Capital Improvement Grant application submittal for renovations to the Senior Center

REPORT-IN-BRIEF: The Washington County Commission on Aging has submitted a request to the Board of County Commissioners for \$90,000 to be combined with \$10,000 of funds secured by the Commission on Aging through fundraising efforts, to provide sufficient matching funds for the pending Senior Center Activities Center Capital Improvement Grant application.

DISCUSSION: The Washington County Commission on Aging is seeking a matching contribution of \$90,000 to combine with funds secured through the agency's fundraising efforts to provide matching funds of \$100,000 for a grant application submission totaling \$200,000 to renovate the small outbuilding located on the Senior Center campus. This renovation will allow the Commission on Aging to utilize the space as an additional fitness room. The engineer's budget indicates the cost of the proposed improvements is \$200,000. The Senior Center Activities' Center Capital Improvement Grant requires at least a 50% local match for any projects submitted.

If the request for matching funds is approved today, the Commission on Aging will submit a letter of intent to apply to the Department of Aging for the proposed project. The Commission on Aging and the Office of Grant Management will then move forward with the submission of the full application packet for submission by July 27, 2018. The grant will be presented to this Board for final approval for submission in July.

FISCAL IMPACT: If the request is approved today, \$90,000 of FY20 County funds would be allocated as match for the grant application, pending submission and approval of the FY2020 Senior Center Activities Capital Grant.

CONCURRENCES: County Administrator; Director of Engineering

ALTERNATIVES: Deny the request for matching funds
