Accomplishments

- 1. Launched and regularly maintain the Disability Resource Directory hosted on the county's website. https://www.washco-md.net/disability-resource-guide/
 - Has links to services and fun things for disabled in the county
 - Can update as we find new things to add
- 2. Development of the DAC logo. (see above)
- 3. Creation of the DAC Facebook group: https://www.facebook.com/groups/170927615111601/
- 4. Providing greater awareness of disability-related issues in the county.
 - Gained greater involvement from elected officials.

- Broader outreach to healthcare, and educational professionals
- And outreach to staff who provide recreational activities.
- 5. Help get the word out that each county has a Disability Commission or Committee for the public to attend or become part of.
- 6. Linking individuals with disabilities to the organizations which advocate for and/or provide services to meet their needs directly.
- 7. The DAC is a conduit for ensuring an environment of awareness and inclusiveness for all private and public partners in the community.
- 8. Recruited additional DAC members

Goals

- 1. Provide a regular report to the commissioners concerning disability-related issues for county citizens.
- 2. Creation of a brochure/print marketing material:
 - To be distributed at in-person events
 - To let the community know about the committee and its purpose
- 3. Continue to add resources including
 - Employment
 - Leisure
- 4. Volunteer opportunities:
 - Creating a resource link for those with disabilities who desire to volunteer at non-profit organizations
 - Making organizations aware the volunteers with disabilities are available and capable
- 5. Need to have a greater outreach to the differently abled community in total so they know where to go for those resource guides.
- 6. Continue to spread word about the Disability Commission or Committees
- 7. Continue to secure and enact grants that assist the disabled.
- 8. Advocate to improve access within Washington County for disabled residents/visitors.
- 9. Promote inclusion and awareness within the county.
- 10. Increase funding for recreation and inclusive programs/community resources awareness and events.
- 11. Quality assurance should be an area that this committee works on for solution to improve quality and care of the disabled in group home settings.
- 12. Work with the Washington County Sheriff Offices/Hagerstown City Police on education about Autism and I/DD behaviors. This will help when an individual with autism appears to be typically developed but is criminally charged for behavioral incidents that they cognitively don't understand.
- 13. To support for all individuals within the community to be afforded equitable opportunity to be engaged in every facet of our collective daily activities.

SUBJECT: FY24 Solid Waste Budget

PRESENTATION DATE: March 21, 2023

PRESENTATION BY: Dave Mason, Deputy Director, Solid Waste

RECOMMENDED MOTION(S): For informational purposes

REPORT-IN-BRIEF: The Washington County landfill strives to protect the environment and public health by providing safe, reliable, efficient and cost-effective solid waste disposal and recycling services for our customers.

DISCUSSION: The Solid Waste budget increased over FY23 by \$818,470 or 9.04%. The increase is the result of the proposed step and COLA and increases in several contracts awarded in FY23 including leachate treatment, environmental monitoring, recycling services and dumpster hauling. There will be no increase in fees for FY24 due to a significant decrease in the debt service for FY24.

The General Fund contribution to Solid Waste remains the same as FY23.

FISCAL IMPACT: \$9,874,630

RECOMMENDED MOTION(S): For informational purposes

REPORT-IN-BRIEF: The Water Quality Department performs various functions:

<u>Utility Administration</u> provides supportive services to the Water and Sewer Operations of the Water Quality Department. Services provided include administration, laboratory testing, and maintenance for vehicles and utility facilities. It also renders "contract services" for operating and maintaining other municipal treatment plants.

<u>Water and Sewer Operations</u> provide safe and reliable sewer services to the customers of the Water Quality Department with respect to construction, operations, maintenance, and management of systems in compliance with local, state, and federal regulations. These services provide support to the County's goal of protecting the environment and public health.

Pretreatment Operations was privatized in 2006 through a long-term lease to a private corporation. As a result, the Pretreatment operational functions are no longer the responsibility of the Water Quality Department. Privatization was accomplished through a long-term process and was supported by the Washington County Board of County Commissioners. This privatization has allowed Washington County to maintain compliance with EPA regulations at a substantial savings.

DISCUSSION: Water and Sewer revenue requirements show that an increase in water revenue is necessary to facilitate the Department of Water Quality's long-range financial plans. Incremental increases over a period of time has been the existing plan in place to work toward a self-supported status for this fund.

Utility Fund - \$5,937,750 Water Fund - \$1,755,960 Sewer Fund - \$13,863,400 Pretreatment Fund - \$345,600

FISCAL IMPACT: Rate increase Recommendations:

Water - 4.7% increase providing \$26,400 in revenue No Sewer Rate increase being proposed at this time

SUBJECT: FY2024 General Fund Budget – Proposed

PRESENTATION DATE: March 21, 2023

PRESENTATION BY: Michelle Gordon, Chief Financial Officer; Kim Edlund, Director

Budget & Finance

RECOMMENDED MOTION: For informational purposes only.

REPORT-IN-BRIEF: The FY24 Proposed General Fund budget is balanced at 281,060,350.

DISCUSSION: Major changes from the last proposed version include:

- Increases to the disparity grant amount of \$338,020 based on new guidance regarding the Governor's revised budget;
- Reductions to operating grants of (\$290,000) based on updated grant applications;
- Increases to Fire Operations for the volunteer fire and rescue turn-out gear replacement program of \$136,470;
- Increases to contractual services of \$25,000 at the Public Safety Training Center to provide structural collapse training.

Consideration of future obligations has been a primary factor in balancing the FY24 budget.

Staff is also coming back in front of you to receive further comment and/or direction for the FY24 General Fund budget.

SUBJECT: EMS Staffing Transition

PRESENTATION DATE: March 21, 2023

PRESENTATION BY: R. David Hays - Director, Division of Emergency Services; David Chisholm, Deputy Director, Division of Emergency Services; Dale Fishack, President, WCVFRA

RECOMMENDATION:

- 1. Move to authorize the Division of Emergency Services to begin the transition of the volunteer EMS corporations into County employment, beginning with the Williamsport Fire and EMS and Smithsburg Emergency Medical Services.
- 2. Move to authorize the Division of Emergency Services and the Office of Budget and Finance to establish a County-wide EMS Billing Program, and as such, move the EMS billing services to the County only at such time as an individual EMS company transitions its career employees into County employment and to hire one (1) EMS Billing Specialist (included in the EMS transition staff) and one (1) HR Technician.

REPORT-IN-BRIEF: County staff held informal discussions with each of the eight (8) volunteer EMS companies, in reference to their interest and consideration of voluntary transitioning their current EMS employees into County employment. As of today, five of the eight EMS companies have expressed an interest in being considered for such a transition.

DISCUSSION: Staff has developed a transition process that would begin the transition of the current volunteer corporation career staff into County employment. Staff's recommendation includes transitioning the volunteer EMS corporation field and operations administrative career staff to County employment; all of whom would be needed to manage the transition and ongoing needs relative to personnel management and EMS billing.

It is recommended that Williamsport Volunteer Fire and EMS and Smithsburg Emergency Medical Services, both of which have formally agreed to the proposed transition plan, be the first two companies to transition staff to County employment. Employees of those Companies who agree to move forward in the transfer would do so subject to the following requirements/conditions: complete a County application for employment, complete a background check, pass a psychological evaluation and an EMS based physical abilities test. These standards are similar to the standards that the current DES field staff have completed prior to being hired by the County.

The anticipated cost for the transition is based on the actual current salaries of the employees of the eight volunteer EMS companies. It is Staff's recommendation that the County bring the corporations' EMS career staff into County employment at close to their current "hourly rate". This rate will be determined by using the hourly rate at their primary EMS employer. The volunteer corporation employees would enter the County retirement/pension system, receive vacation accruals and will be eligible to participate in all other County benefit packages as a new County employee (first year).

Any past or current liabilities or obligations between the volunteer corporation and the volunteer corporation employee shall remain the sole responsibility of the volunteer corporation. As the transition of a volunteer EMS company's career staff occurs, the County will no longer provide that company with an EMS staffing subsidy or a health insurance reimbursement, and the County shall be entitled to 80% of net EMS billing revenue of that company.

The County will also begin preparations to transition EMS billing into an EMS billing program within County Government. As the volunteer EMS corporations' career EMS staff transition to County employment, the County and the transitioning EMS Company will also begin the process of transitioning their EMS billing into the County's EMS billing program.

A specific MOU for use of the facility, apparatus and equipment that is owned by each of the volunteer corporations will be finalized and executed between the County and the individual volunteer corporation prior to the transition of any staff into County employment.

Agenda Report Form

Open Session Item

SUBJECT: Contract Award under PUR-1450 - Airport Capital Improvement Project Design/Bidding Proposals

PRESENTATION DATE: March 21, 2023

PRESENTATION BY: Neil Doran, Airport Director, Andrew Eshleman, Director of Public

Works

RECOMMENDED MOTION(S): Move to award the contracts for design/bid services of the Runway 09-27 lighting project totaling \$107,180 and the Taxiway C Object Free Area totaling \$58,560 with Airport Design Consultants, Inc (ADCI).

REPORT-IN-BRIEF: The Airport and its engineers/consultants at ADCI have identified two needed airfield projects. In order to successfully compete for the available grant funding, airports need to mature the projects using their own money through the design and bid stage. With "bids in hand" HGR can then apply for FAA funding that will allow for reimbursement of these design costs along with the construction phase. Payment of purchase orders will involve the use of airport fund monies "fronted" for later anticipated reimbursement under one or more future Federal Aviation Administration (FAA) grant agreements. The projects have been initially identified by FAA for funding under the Bipartisan Infrastructure Law (BIL) fund and the money is available, however, the airport desires to proceed with advancing the project to "shovel ready" now to make a discretionary grant request that could allow the airport to save its BIL funds for other upcoming projects.

DISCUSSION: The projects are identified in the County's Capital Improvement Plan. TWY C OFA project was described in the Capital Improvement Plan – Airport Infrastructure Grant RUN020, while Runway 09-27 was identified as a project for future funding. The FY24 budget proposes moving the Runway 09-27 project funding to the current year at which time expenses from the Airport Infrastructure Grant RUN020 account for the project will be transferred for accounting purposes. The airport is in the second of a five year period to use the BIL funds and time is of the essence for the Airport to proceed with advancing capital projects in a manner that allows for making discretionary grant requests beyond the traditional entitlement Airport Improvement and BIL funding programs.

In a letter dated 12/15/2022 from Kyle Allison of the FAA's Washington Airports District Office, the FAA expresses an "optimism" in our ability to compete favorably for AIP funding for an identified list of projects that included both the TWY C OFA and RWY 09-27 Lighting.

FISCAL IMPACT:

- \$58,560 for design/bidding services for TWY C OFA.
- \$107,180 for design/bidding services for RWY 09-27 Lighting & Signage Project.

Re: Hagerstown Regional Airport

Capital Improvement Program (CIP)

Fiscal Years (FY) 2023-2028

Dear Mr. Doran:

At the start of each FY, the Federal Aviation Administration (FAA) begins the process of updating its Airports Capital Improvement Program (ACIP). Our new Fiscal Year began October 1, 2022, we will begin working with you to update your proposed CIP for FY 2024 through FY 2028.

Based on the information you submitted last year, we have attached a list of projects that we are optimistic could compete favorably for AIP funding. AIP funds are subject to annual Congressional appropriation and the attached list is not an FAA commitment of funding for the identified projects. The list is intended to provide you with information for planning purposes so that you can be prepared should funds be available.

In order to ensure your CIP reflects realistic development requests for your airport, we ask that you review the attached and provide updates as follows.

Federal Fiscal Year 2023 Projects (current year)

- The FAA expects extremely limited to no changes to projects proposed in the current fiscal year.
- Airport sponsors should be taking steps to get these projects under grant in FY 2023 in accordance with the attached schedule.
- For projects competing for AIP funding above the available sponsor entitlements, changes will be limited to project deletions or reasonable updates to project cost estimates.
- For projects planned for sponsor entitlement funds only, in addition to deletions and cost updates, project changes/substitutions may be accepted provided all federal application requirements can be met, i.e. environmental, airspace, airport layout plan (ALP) updates, application requirements, etc.
- If any projects are planned for FY 2023 using airport allocated funds (AIG) from the Bipartisan Infrastructure Law (BIL), please notify the ADO as soon as possible.

- Please be mindful of any Planning, NEPA and/or Section 163 analysis that may be required, which will add to the AIP grant processing time so please plan accordingly.
- Based on anticipated entitlements and funds carried over from past years, your airport will have approximately the following available amounts:
 - \$2,702,000 in AIP entitlements available in FY 2023.
 - \$2,037,520 in BIL AIG available in FY 2023.
- Sponsors must indicate intent to use entitlements by mid-February 2023 and submit applications for entitlements based on bids or negotiated agreements by mid-April 2023 (Date subject to change).

Federal Fiscal Year 2024 through 2028 Projects (future years)

- Please review the draft CIP along with your Airport Master Plan, state and local funding plans, and your overall development plans.
- Provide any necessary comments, revisions or changes to the projects shown for FY 2024 through FY 2028.
- Be sure to include proposed use of BIL AIG funds in your CIP.
- Any new projects added, should be accompanied by the following information:
 - CIP data sheet for each project including:
 - Description
 - Justification
 - Cost Estimate
 - A sketch of the project referencing the ALP
 - Updates to ALP (if necessary)
 - Airspace Status/Requests (if necessary)
- For any revisions or updates, you must submit revised documents as necessary so that we have the most current information on file.
- Attached, you will find a list of dates to help guide the process and to ensure we receive the information in a timely manner.
- Include any projects you anticipate submitting for under the annual Notice of Funding Opportunity (NOFO) for BIL Airport Terminal Program (ATP) funding. Keep in mind this is not the application for funding consideration and you will still need to comply with any NOFO and its specific requirements. Adding to your CIP will give the ADO the opportunity to provide feedback regarding project formulation requirements and other considerations.

Additional comments specific to your airport:

- Please continue to coordinate your intensions for use of your BIL AIG funds in FY 2023. You will need to finalize coordination of planning, environmental, scope of work, and professional services agreement to move forward with federal grants.
- Please continue to coordinate the land acquisition with the ADO to maintain eligibility for future federal reimbursement. You will need settlement agreements or signed purchase options prior to the processing of a federal reimbursement grant.

If you have any questions or wish to meet with us to discuss your CIP, please call me at 703-487-3975.

Sincerely,

KYLE F Digitally signed by KYLE F ALLISON

SUBJECT: Contract Award (PUR-1598) Independent Auditing Services

PRESENTATION DATE: March 28, 2023

PRESENTATION BY: Brandi Naugle, CPPB, Buyer, Purchasing Department; Kim Edlund, Deputy Director of Budget & Finance, Operations and Budget

RECOMMENDED MOTION: Move to award the contract for Independent Auditing Services to the responsive, responsible proposer, with the lowest total lump sum for Fiscal Years 2023 thru 2027.

REPORT-IN-BRIEF: These services are required by the State of Maryland's audit requirements enumerated in Article 19, Section 19, Section 40 of the Maryland Annotated Code. The Request for Proposal (RFP) was also advertised on the Washington County web site, the State's "eMaryland Marketplace Advantage" web site, and in the local newspaper. There were thirteen (13) on-line registrations of the RFP document from the County's web site. Proposals were received from two (2) firms consisting of Qualifications and Experience/Technical Proposals (Q&E) and Price Proposals. The Q&Es of both firms were evaluated, and both were considered to be qualified, experienced, and responsive. Excellent results were obtained from reference checks on the recommended firm. Each of the firms considered provided a lump sum contract price for each Fiscal Year Audit as indicated on the attached cost proposal sheet.

The Coordinating Committee was comprised of the following members: County Buyer, Director of Budget & Finance (Committee Chairperson), Deputy Director of Budget & Finance, Chief Financial Officer and County Administrator. The contract term is for a one (1) year period with an option by the County to renew for up to four (4) additional consecutive one (1) year periods. The County reserves the right to accept or reject any request for renewal.

DISCUSSION: N/A

FISCAL IMPACT: The FY24 budget includes \$83,914.00 for audit fees as follows: \$80,000.00 - General Fund Independent Auditing and County Department; \$2,800.00 - Inmate Welfare Fund; \$564.00 - Black Rock Golf Course Fund; and \$550.00 - Agricultural Educational Center Fund.

CONCURRENCES: As recommended by the Coordinating Committee named above.

SUBJECT: Fiscal Year 2024 Annual Transit Plan (ATP) Application – Approval to Submit Application and Accept Awarded Funding

PRESENTATION DATE: March 21, 2023

PRESENTATION BY: Kevin Cerrone, Director, Washington County Transit, and Rachel Souders, Senior Grant Manager, Office of Grant Management

RECOMMENDED MOTION: Move to approve the resolution authorizing the filing of the application as a sub-grantee for funding under the Federal Transit Act and approve the execution of the agreement upon receipt, subject to review and approval by the County Attorney's Office.

REPORT-IN-BRIEF: Washington County Transit (WCT) annually applies to the Maryland Department of Transportation / Maryland Transit Administration (MDOT/MTA) for Federal and State operational and capital funding through the Annual Transportation Plan (ATP). The awarded funds are used to operate authorized public transportation programs within Washington County, which includes the Section 5307 Fixed-Route program, the American Disability Act (ADA) Complementary Paratransit Program, the Job Opportunity Shuttle (JOBS), the Statewide Specialized Transportation Assistance Program (SSTAP) – aka: Ride Assist Voucher Program, and the Capital Assistance Program (CAP).

The fiscal year 2024 application requests \$1,671,287 in Federal and State funds from the Federal Transit Administration (FTA) and MDOT/MTA to subsidize the transit system.

DISCUSSION: The Office of Grant Management has reviewed the application. There are no unusual conditions or requirements attached to the acceptance of the grant.

FISCAL IMPACT: Local match is required to secure the Federal and State grant funds. The local match requirement associated with the fiscal year 2024 application is as follows:

| Total: | \$764,656.00 |
|--------------------------------------|--------------|
| SSTAP Grant: | \$ 48,972.00 |
| 5307 Capital Grant (General Funds) | \$ 34,000.00 |
| 5307 Operating Grant (General Funds) | \$681,684.00 |

CONCURRENCES: Susan Buchanan Director, Office of Grant Management

ALTERNATIVES: If a decision is made not to submit application for the funds and/or provide the local match requirements, the County would become ineligible for the Federal and State subsidy of funds in fiscal year 2024.

SUBJECT: FY24 School Based Health Center Grant – Approval to Submit Application and Accept Awarded Funding

PRESENTATION DATE: March 21, 2023

PRESENTATION BY: Nicole Phillips, Grant Manager, Office of Grant Management

RECOMMENDED MOTION: Move to approve the submission of the grant application for the FY24 School Based Health Center Grant Program to the Maryland State Department of Health in the amount of \$254,194 and accept awarded funding.

REPORT-IN-BRIEF: The Washington County Office of Grant Management, on behalf of and at the direction of the Local Management Board is seeking approval to submit an application to the Maryland State Department of Health requesting funding for School Based Health Centers in Washington County.

DISCUSSION: There are two School Based Health Centers in Washington County which are located at South Hagerstown High School and Western Heights Middle School. The Centers provide exams, prescriptions, nutritional assessments, orders lab work and assists in the management of chronic conditions such as asthma and diabetes. Meritus Health is the clinical provider contracted to provide these services. Funding in the amount of \$10,019 is included in the award for County administrative support.

FISCAL IMPACT: Provides \$10,019 for County administrative expenses.

CONCURRENCES: The Local Management Board approves the submission of the proposal and recommends the acceptance of this award.

SUBJECT: Office of Problem Solving Courts Discretionary Grant Application Submittal

PRESENTATION DATE: March 21, 2023

PRESENTATION BY: Kristin Grossnickle, Court Administrator, Circuit Court for Washington County and Nicole Phillips, Grant Manager, Office of Grant Management

RECOMMENDED MOTION: Move to approve the submittal of the FY24 Office of Problem Solving Court's Discretionary grant application requesting \$346,080.93 and accept funding as awarded.

REPORT-IN-BRIEF: The Office of Problem-Solving Courts Discretionary Grant is to assist with the operational expenses and ancillary services of the Drug Court Program. These grant funds will be used to operate the Adult Drug Court Program which will provide supervision and access to services for court involved, substance dependent participants. The program will reduce substance using and criminal behavior while increasing positive community involvement and overall individual and family functioning. These grant funds will allow better access to justice and treatment services by assisting with transportation, providing frequent drug and alcohol monitoring, case management support services, educational and vocational access, and numerous other services.

DISCUSSION: The Office of Grant Management has reviewed the grant application. Matching funds are not required for this program. In the case that these anticipated grant funds are not awarded, the Circuit Court Drug Court would request that the Washington County Commissioners cover the cost for wages and benefits for the Coordinator's position. Other program services such as transportation assistance, trainings, would be eliminated unless other local or state grant funds could be secured. Drug testing would be limited to the number of tests allowed by individual participant's insurances.

FISCAL IMPACT: Provides \$346,080.93 for the Drug Court Program

SUBJECT: County Surplus Nonprofit Grant Award Recommendations

PRESENTATION DATE: March 21, 2023

PRESENTATION BY: Susan Buchanan, Director, Office of Grant Management

RECOMMENDED MOTION(S): Motion to approve the FY23 County Surplus Nonprofit Grant award recommendations and move forward with the disbursement of funds to awarded nonprofits.

REPORT-IN-BRIEF: The County Surplus Funding Committee is comprised of 5 members, individually appointed by each County Commissioner serving at the time of its formation on October 25, 2022. The Committee was charged with reviewing and evaluating County Surplus Funding Nonprofit Grant requests submitted by community based local non-profit organizations. After this careful review, the Committee makes funding allocation recommendations to the Board of County Commissioners.

DISCUSSION: In January, the Committee received funding requests from 103 separate eligible 501c3 nonprofit organizations. The total amount of funding requested was \$6,740,987.59. The amount of funds available for distribution is \$1,831,447. Each member of the Committee independently reviewed and scored the applications over a period of approximately six weeks. The Committee then met as a group and deliberated funding allocations for each application received. Factors considered by the Committee included community need, geographic and programmatic diversity, organizational performance and capacity, number of persons impacted, and sustainability. The recommendations presented today were made in accordance with guidelines established by the Board.

FISCAL IMPACT: An expenditure of \$1,831,447 from surplus funds set aside to assist nonprofits.

CONCURRENCES: Community Organization Funding Committee

ALTERNATIVES: The recommendations are subject to acceptance or adjustment by the Board of County Commissioners.

Board of County Commissioners of Washington County, Maryland

Agenda Report Form

Open Session Item

SUBJECT: County Emergency Remote Work Policy Update

PRESENTATION DATE: March 21, 2023

PRESENTATION BY: Tom Brown, Jr., Director of Emergency Management

RECOMMENDED MOTION: Move to approve the March 2023 update to the County

Emergency Remote Work policy.

REPORT-IN-BRIEF: In 2022 the State of Maryland required all local jurisdictions to create and approve an Emergency Remote Work policy. This Emergency policy was to allow the local jurisdiction to be better prepared for situations which required employees to work remotely such as COVID-19. The goal of the Emergency Remote Work policy requirement was to ensure an orderly and efficient transition for each jurisdiction from in office to remote work.

DISCUSSION: In 2021 the County Commissioners approved an Emergency Remote Work policy to meet State requirements. In 2022 the County Commissioners approved a general employee Remote Work policy which superseded the emergency policy. In March 2023 the County discontinued the general employee Remote Work practice therefore requiring an update of the Emergency policy. This Emergency policy provides the County Administrator the authority to allow remote work for certain employees or groups of employees in the event of an emergency on a case-by-case basis. Many of the requirements within the general employee Remote Work policy are incorporated into the update of the Emergency plan such as ensuring the employee has adequate internet and phone capabilities from the remote location, a set schedule of work hours, and accounting of employee time worked.

FISCAL IMPACT: None

CONCURRENCES: John Martirano, County Administrator

ALTERNATIVES: Create a new Emergency policy to meet State requirements

ATTACHMENTS: Proposed Updated Policy

Washington County Government Employee Emergency Remote Work Policy

1. STATEMENT OF POLICY

This document is meant to provide guidance to employees, supervisors, and division/department directors to promote an efficient and effective Emergency remote work process. Remote work allows selected employees to work at home or at an alternate location for all or part of their workweek. Remote work is not an entitlement and will be implemented to meet the essential needs of Washington County Government (hereafter referred to as "the County"). It is within the sole discretion of the County to determine which employees are in positions suitable for remote work and if an employee is eligible based on the employee's work performance. Through approval of the Board of County Commissioners, determination of an Emergency situation is made solely by the County Administrator.

Emergency remote work arrangements are made by the County Administrator on a case-by case basis after being notified of the need by the employee's Director with a primary focus on the essential needs of the County. These arrangements are approved on an as-needed basis only with no expectation of ongoing continuance. Remote work for each employee may be required or terminated at any time by the County to meet the needs of the County to include integration into the County Continuity of Operations Plans.

2. **DEFINITIONS**

- 2.1 Eligible Employee An employee within a position identified by the employee's supervisor as being suitable for remote work.
- 2.2 County Work Site Any building, facility or location managed or leased by the County for the purposes of allowing employees to work.
- 2.3 Remote Work Site An employee work location that is not a County Work Site. The remote workplace may include the employee's home or alternative work location.
- 2.4 Remote worker An employee who works from a Remote Work Site.

3. ELIGIBILITY

3.1 The Emergency remote work policy applies to all eligible employees as defined in section 2.1. To maintain flexibility of operations, however, the availability of remote work may be expanded to additional job classifications at the discretion of the direct supervisor. Before any Director requests consideration for an employee to be approved to utilize the Emergency Remote Work Policy, the Director with the employee should ensure adequate internet and phone connectivity from the proposed remote work site.

4. WORK SCHEDULE

Prior to a Director making a request for an employee to utilize the Emergency Remote Work policy, the Director will determine the employee's work schedule to be consistent with the needs of the County. The supervisor may require the employee to work certain "business hours" and be accessible by telephone and/or e-mail during those hours.

The Supervisor and employee should agree on the days and times that the employee will work in each setting of the main office and remote work site location. The schedule can parallel those in the main office or be specific to the job responsibilities. The process of establishing work schedules should be sufficiently flexible to permit periodic adjustments, if required, to achieve an optimal schedule suiting the County's needs.

Employees will be expected to use available leave time when appropriate. Leave time requests and usage will continue to follow current policies of Washington County Government.

5. TIME WORKED

Unless specified in a Continuity of Operations Plan, work hours are not expected to change while working remote unless approval for such changes are received from the County Administrator. Employees who are not exempt from the overtime requirements of the Fair Labor Standards Act will be required to accurately record all hours worked using the County's time-keeping system. Hours worked in excess of those scheduled per day and per work week require the advance approval of the employee's supervisor. Failure to comply with this requirement may result in the immediate termination of the remote work approval.

Supervisors must confirm the employee's time and attendance to ensure that the employee is paid only for work performed and that there is an accounting of absences from scheduled hours. The County must provide reasonable assurance that the employee is working when scheduled. The determining reasonableness of work output for the time spent will be determined by the supervisor.

6. JOB RESPONSIBILITIES

The employee and supervisor will discuss the job responsibilities and determine if the position is appropriate for a remote work site arrangement to include equipment needs, workspace design considerations, and scheduling issues. The employee and supervisor will review the physical workspace needs and the appropriate location for remote work.

7. EXPECTATIONS AND PERFORMANCE

An appropriate level of communication between the employee and supervisor will be agreed to as part of the discussion process prior to remote work approval. The supervisor will have sole discretion to implement communication and main office scheduling requirements.

Evaluation of employee performance will include regular interaction by telephone, video conference, and/or e-mail between the employee and supervisor with main office meetings to discuss work progress and problems to be determined by the supervisor. The County may end an employee's participation in the remote work program if the employee's performance declines or is detrimental to the County's needs.

Salary, job responsibilities, and benefits will not change because of remote work, except as they might have changed had an employee remained at the main office.

All County policies and procedures apply to those personnel who are working remote.

8. GUIDANCE FOR MANAGING EMPLOYEES WHO ARE WORKING REMOTE

Supervisors shall establish clear communication expectations for calls, virtual meetings, and emails. A review of staff work activities shall be completed on a frequent basis. Clearly communicated responsibilities and deadlines for tasks and projects are required to avoid confusion. Supervisors shall be responsive to staff needs to include checking in with staff to discuss what is working well remotely and what issues may need to be addressed to assist them in performing remote work assignments. Supervisors shall utilize accountability tools provided by the County to track employee progress and as an indication of when additional support or direction is required.

Even while employees are permitted to work remotely, supervisors remain responsible for setting remote work expectations, holding staff accountable for work product and deadlines, and supporting them within this alternative work environment. State and Federal guidelines relative to working remotely provide the following recommendations for supervisors:

- a. Plan the work. In any work situation, planning work is the first step to managing performance. Supervisors and employees should clearly define what the employee is to accomplish remotely. Planning for successful results requires supervisors to first determine work goals and objectives, and then determine, with their employees, assignments and expected work product and accomplishments.
- b. Set expectations. Not only do employees need to know what they are supposed to do remotely, they need to know how well they are supposed to do it. Supervisors must communicate performance standards clearly. If employees know what they are supposed to do, and how well they are supposed to do it, the supervisor has set the stage for successful performance.
- c. Monitor performance. In a remote work situation, measuring employee results rather than their activities is more efficient and effective. Quantity, quality, and timeliness are general measures for supervisors to review. Good communication between supervisors

- and employees is essential for successfully completing work and is especially necessary in a remote workplace environment.
- d. Recognize performance. Particularly in situations where employees work off-site most of the time, supervisors need to make additional efforts, so these employees still feel they are connected to the County. Maintaining good communication is one important way to do this. Another way is to ensure that supervisors recognize the good performance of the employees. Supervisors should not let employees feel as if their performance doesn't matter or that no one ever notices their achievements.

9. CHILD/DEPENDENT CARE

Remote work is not meant to be a substitute for child/dependent care. Employees may not work remote with the intent of or for the sole purpose of meeting their child/dependent care responsibilities while performing official duties. While performing official duties, employees are expected to arrange for child/dependent care just as they would if they were working at the main office.

10. EQUIPMENT

Based upon information supplied by the employee and the supervisor, the County will determine on a case-by-case basis the appropriate equipment needs (including hardware, software, phone, and other office equipment) for each remote work arrangement. The Human Resources and Information Technology Departments will serve as resources in this matter.

Equipment supplied by the County will be maintained by the County. Equipment supplied by the employee, if deemed appropriate by the County, will be maintained by the employee. The County accepts no responsibility for damage or repairs to employee-owned equipment and will not reimburse for any unapproved purchases of remote work supplies including, but not limited to, costs associated with the setup of the employee's home office such as remodeling, furnishings or lighting, and repairs or modifications to the home office space.

The County reserves the right to make determinations as to appropriate equipment, subject to change at any time. Equipment supplied by the County is to be used for County business only. It is the responsibility of the employee to notify IT of any repairs required to County-owned equipment and to transport said equipment to the IT office at a time agreeable to both the employee and IT. Upon termination of employment or if remote work is no longer approved, all County property will be returned to the County.

The County will supply the employee with appropriate office supplies (pens, files, etc.) as deemed necessary. The employee will establish an appropriate work environment within his or her home or alternative location for work purposes.

11. SECURITY

Consistent with the County's expectations of information security for employees working at the main office, employees will be expected to ensure the protection of County, customer, and employee information accessible from their home office. Confidentiality will continue to be expected just as in the main office setting. Steps include the use of locked file cabinets and desks, regular password maintenance, and any other measures appropriate for the job and the environment to protect information.

12. SAFETY

Employees are expected to maintain their home or alternative workplace in a safe manner free from safety hazards. Injuries sustained by the employee in a home or alternative office location and in conjunctions with the employee's job responsibilities are normally covered by the County's workers' compensation policy. Employees are responsible for notifying the employer of such injuries as soon as practicable but no later than 24hours after the injury occurred. The employee is liable for any injuries sustained by visitors to his or her home or alternative workplace.

13. WORKER'S COMPENSATION

The employer will be responsible for any work-related injuries under Maryland Workers Compensation laws, but this liability is limited to injuries resulting directly from work and only if the injury occurs in the designated work area. Any claims will be handled according to the normal procedure for Worker's Compensation claims. The employee or someone acting on the employee's behalf shall immediately notify the employee's supervisor of any accident or injury that occurs at the remote workplace. The supervisor will follow the County's policies regarding the reporting of injuries for employees injured while at work.

14. LIABILITY FOR INJURIES

The employee understands that they remain liable for injuries to third persons and/or members of the employee's family on the employee's premises. The employee agrees to defend, indemnify and hold harmless the County, its affiliates, employees, contractors and agents from and against any and all claims, demands, or liability (including any related losses, costs, expenses, and attorney fees resulting from, or arising in connection with, any injury to persons (including death) or damage to property caused, either directly or indirectly, by the services provided herein by the employee or the employee's willful misconduct, negligent acts, or omissions in the performance of the employee's duties and obligations under this agreement, except where such claims, demands, or liability arise solely from the gross negligence or willful misconduct of the County.

15. EXPENSES

The employee is responsible for the maintenance, repair and operation of personal equipment that has not been provided by the employer. Expenses for supplies available at the main office will not be reimbursed unless pre-purchase approval has been granted by the employee's supervisor. The employee is responsible for paying for remote work site utilities and internet. Remote worker shall not be paid for time or mileage involved in travel between the Remote Work Site and the employee's assigned County Work Site.

16. PROHIBITED ACTIONS

- 16.1 Except for participating in on-line meetings and calls, remote workers may not hold work related meetings in the employee's home.
- 16.2 Remote workers may not:
- a. work under the inappropriate influence of prescription drugs or over the counter drugs;
 - b. work under the influence of a controlled dangerous substance; or
 - c. work under the influence of alcohol.
