### **BOARD OF APPEALS**

### February 1, 2023

### County Administration Building, 100 W. Washington St., Meeting Room 2000, Hagerstown, at 6:00 p.m.

#### AGENDA

**DOCKET NO. AP2023-001:** An appeal was filed by Jared & Rachel Petre for a special exception to establish a machine shop use in existing structure and a variance from the required 50 ft. front and side yard setback to 19 ft. from the front property line and 37 ft. from the west property line for the exiting structure on property owned by the appellants and located as 14339 Clear Spring Road, Williamsport, Zoned Agricultural Rural.

**DOCKET NO. AP2023-002:** An appeal was filed by Keith & Virginia Coco for a variance from the required 200 ft. setback for side yard property lines to 75 ft. for future riding arena for siding academy on property owned by the appellants and located at 14507 Heavenly Acres Ridge Road, Hancock, Zoned Environmental Conservation.

**DOCKET NO. AP2023-003:** An appeal was filed by 2004 Maugans Avenue LLC for a variance from the required 40 ft. front yard setback to 10 ft. and variance from the required 10 ft. side yard setback to 2 ft. for proposed dumpster pad enclosure for future convenience store on property owned by the appellant and located at 18415 Maugans Avenue, Hagerstown, Zoned Highway Interchange.

**DOCKERT NO. AP2023-004:** An appeal was filed by Hetzer C. William Inc for a variance from the required 12 ft. side yard setback to 8 ft. for future semi-detached dwellings on properties owned by the appellant and located at 13810 A-13814 B Weaver Avenue, Maugansville, Zoned Residential Suburban.

Pursuant to the Maryland Open Meetings Law, notice is hereby given that the deliberations of the Board of Zoning Appeals are open to the public. Furthermore, the Board, at its discretion, may render a decision as to some or all of the cases at the hearing described above or at a subsequent hearing, the date and time of which will be announced prior to the conclusion of the public hearing. Individuals requiring special accommodations are requested to contact Katie Rathvon at 240-313-2464 Voice, 240-313-2130 Voice/TDD no later than January 23, 2023. Any person desiring a stenographic transcript shall be responsible for supplying a competent stenographer.

The Board of Appeals reserves the right to vary the order in which the cases are called. Please take note of the Amended Rules of Procedure (Adopted July 5, 2006), Public Hearing, Section 4(d) which states:

Applicants shall have ten (10) minutes in which to present their request and may, upon request to and permission of the Board, receive an additional twenty (20) minutes for their presentation. Following the Applicant's case in chief, other individuals may receive three (3) minutes to testify, except in the circumstance where an individual is representing a group, in which case said individual shall be given eight (8) minutes to testify.

Those Applicants requesting the additional twenty (20) minutes shall have their case automatically moved to the end of the docket.

For extraordinary cause, the Board may extend any time period set forth herein, or otherwise modify or suspend these Rules, to uphold the spirit of the Ordinance and to do substantial justice.

Jay Miller, Chairman

Board of Zoning Appeals

MY COMMISSION EXPIRES NOVEMBER 07, 2025	My Commissio

on Expires

Project Name:	Petre Machine Shop
FSA Job No.:	3641
Owner:	Jared & Rachel Petre
Applicant:	Devon Petre (Owners Son)
Project Address:	14339 Clear Spring Road Williamsport, MD 21795
Тах Мар_470	Grid <u>8</u> Parcel <u>83</u>
Account #	23-005344
Zoning:	A(R)

### **Special Exception Request:**

Table 3.3(1) of the Washington County Zoning Ordinance lists a Machine Shop in A(R) district as a Special Exception. The applicant requests to establish machine shop in an existing 1,200 SF equipment building owned by his parents on a 41.5 acre parcel. The machine shop would primarily be used to recondition hydraulic cylinders used on agricultural and construction equipment. The subject building has been used in the past to not only store equipment but a portion of the building has been used to repair on-site agricultural equipment. Several other land uses such as a solar array, mobile home and other agricultural buildings exist on this property. Details of the proposed machine shop are as follows:

Hours of Operation :	7:00 AM- 5:00 PM M-F 7:00 AM- Noon Saturday
Employees:	Two. Father and Brother of applicant. Both live on the adjacent property at 14315 Clear Spring Road.
Customers:	Majority of customers are wholesale however he may see 2-3 walk in customers per week.
Deliveries: Bathroom:	Two-three per week One bathroom is to be constructed.

### Variance Request:

Table 5A.6 of the Washington County Zoning Ordinance indicates 50 foot front, side and rear setbacks for "Other Principal Permitted or Conditional Uses. Since the applicant will be occupying an existing building they request the front yard be reduced to 19 feet and the right side yard be reduced to 37 feet. At the time this building was constructed it was viewed as an accessory building and afforded 15 foot setbacks. Moving or relocating the building would be overly burdensome on the applicant. Very little if any change will be noticed by the most affected property owners.

# ARTICLE 5A – "A(R)" AGRICULTURAL (RURAL) DISTRICT<sup>51</sup>

#### Section 5A.0 Purpose

The purpose of this district is to provide for continued farming activity and the many uses that do not require public water and sewerage facilities and which may be more suitably located outside of the urban-type growth of the larger communities of the County. The Agricultural zoning district has been purposely drawn to enclose large blocks of the best soils for intensive agricultural production as well as gently rolling topography for farming. Most of the operating farms as well as the largest block of farmland preserved through the Agricultural Preservation Program is located in this area.

Section 5A.1 Principal Permitted Uses and Accessory Uses

See the Table of Land Uses [Section 3.3, Table No. 3.3(1)]

### - Section 5A.2 Special Exceptions

See the Table of Land Uses [Table No. 3.3(1)] and any other use the Board of Appeals finds is functionally similar to any permitted use or special exception listed in the table for this district. The Board of Appeals shall not grant any special exception that is inconsistent with the purpose set forth for this district.

#### Section 5A.3 Criteria

The maximum density in the Agricultural zoning district shall be one (1) dwelling unit per five (5) acres of land owned minus the lot area taken off under Section 5A.4.

#### Section 5A.4 Exemptions

- (a) Each parcel of land of sufficient size as of October 29, 2002 shall be permitted to subdivide up to three (3) lots, which may be increased to a maximum of five (5) lots based on a sliding scale of one additional lot for each fifty (50) acres of land. The minimum lot size shall be the minimum lot size for the zoning of the property prior to the effective date of this amendment. Additional lots permitted under the zone will then be calculated on the remaining acreage based on one lot for every five acres.
- (b) Additional exemptions are available for the preservation of historic properties listed on the County Inventory of Historic Sites, the National Register of Historic Places or the Maryland Historical Trust's Inventory of Historic Sites. A lot may be created around the existing historic site/structure along with two additional lots on the original parcel upon the owner requesting and the Board of County Commissioners approving the placement of an "HP" Historic Preservation District Overlay designation on the lot with the historical site or structure.

<sup>51</sup> 

Revision 14, Article 5A added 7/26/05 (RZ-03-005)

#### Section 5A.5 Residential Lot Size and Bulk Dimensions<sup>52</sup>

	Lot Area	Lot Width	Lot Area/Family	Front Yard	Side Yard	Rear Yard	Height
Dwelling, Single Family	40,000 sq. ft.	100 ft.	40,000 sq. ft.	40 ft in.	15 ft.	50 ft.	40 ft.
Dwelling, Two-Family	40,000 sq. ft.	100 ft.	20,000 sq. ft.	40 ft.	15 ft.	50 ft.	40 ft.
Dwelling, Semi- Detached**	20,000 sq. ft.	50 ft.	20,000 sq. ft.	40 ft.	15 ft.	50 ft.	40 ft.

\*\* Semi-detached dwellings are special exception uses in this district and require Board of Zoning Appeals approval.

Section 5A.6 Non-Residential Lot Size and Bulk Dimensions (not covered in Rural Business)<sup>53 54</sup>

This section covers uses listed in the Table of Land Uses [Table No. 3.3(1)] that are principally permitted and that are not governed by the Rural Business floating zone.

	Lot Area	Lot Width	Front Yard	Side Yard	Rear Yard
Banquet/Reception Facilities	5 acres	300 ft.	50 ft.	100 ft.	50 ft.
Schools, Elementary	15 Acres	400 ft.	150 ft.	100 ft.	50 ft.
Schools, Middle	30 Acres	500 ft.	150 ft.	100 ft.	50 ft.
Schools, High	60 Acres	500 ft.	150 ft.	100 ft.	50 ft.
Churches	2 Acres	200 ft.	100 ft.	50 ft.	50 ft.
Other Principal Permitted or Conditional Uses	3 Acres	300 ft.	₩ 50 ft.	<del>★</del> 50 ft.	50 ft.

Section 5A.7 Special Provisions<sup>55</sup>

- 1. New development adjacent to existing Industrial Mineral (IM) zoning districts shall have a setback of 200 feet from all shared property lines.
- 2. Developments opting to use the clustering provision outlined in Article 22, Division VIII of this Ordinance may reduce side yard setbacks to a minimum of 15 feet from adjacent property lines created by the new development.
- 3. Development that occurs within the Airport Overlay Area as designated in the Comprehensive Plan shall have a density requirement of one (1) dwelling unit per fifty (50) acres of land owned. No lots under Section 5A.4 shall be permitted in the Airport Overlay Area.
- 4. Side yard setbacks for residential use lots shall be a minimum of 50 ft. for lots five (5) acres or greater in size.

Keith and Virginia Coco 14507 Heavenly Acres Ridge Hancock, MD 21750

Dear Members of the Zoning Board:

We are coming to you with a request for a variance on our property at 14507 Heavenly Acres Ridge, Hancock, MD. My husband, Keith, and I, ask for this variance due to Practical Difficulties of having a riding arena that is 100' x 150' to conduct riding lessons for those in the community with disabilities. What we are asking for is a decrease in the existing setback requirements from 200' to 75' from any property line. The reduction of the set back does not cause an encroachment on our neighbors, as you will see on Map #1. The nearest house would be over 400 feet from the arena. Map #1 Shows the distance remaining from the riding arena to our neighbors houses.

Why? We would like to provide riding lessons to those in the community who have special needs and/or have experienced trauma. In order to do this safely, we need to install a 100'  $\times$  150' riding arena and a small parking area on the back half of the property.

Our property is a rectangle. It is 349.12' wide on the short end and 690.52' and 752.24' on the long ends. Even though we meet the setback on the long sides, we do not meet them on the long side. If the setback is reduced to 75', we will be able to put in the arena. The neighborhood is laid out such that the houses are set in different places. As the spirit of the ordinance is to allow everyone to live peacefully, I am confident that our center will add to the peaceful ambiance of the community rather than detract from it.

Program Benefits the community

Our mission is to create a safe nurturing space for anyone who comes and allow them to work through hurts and hangups. We have had an overwhelming request for lessons from the community. I am a certified Therapeutic Riding Instructor through the Professional Association of Therapeutic Horsemanship International (PATH). I also have a Master's degree in special education. There are many families in the community with children on the Autism Spectrum; who have Downs Syndrome; who suffer from anxiety; just to name a few. These families see marked results in their children when they participate in Equine Assisted therapies.

Keith and I love living in the Hancock community and love the spirit of helping others that exists on the ridge. We would love to contribute to that with our Therapeutic Horsemanship Program.

Thank you for your consideration.

PS We have included some letters from our neighbors in favor of the variance.

AFPS PONE

Date: 1-10-2023

To Whom It May Concern:

Please accept this letter as my support of the proposed variance for my neighbors, Keith and Virginia Coco, who reside at 14507 Heavenly Acres Rdg in Hancock, MD, 21750. The riding arena will not be in an area where it will cause any issues with access to roads or properties in the neighborhood and they are proposing a program that gives back to the community.

Sincerely,

man

Signed:

### Variance

۳.

From: taketwo.drummer@netzero.net (taketwo.drummer@netzero.net)

To: Vrob2018@yahoo.com

Date: Thursday, November 3, 2022 at 01:17 PM EDT

To whom it may concern:

We are Virginia and Keith Coco's neighbors and understand they are requesting a variance on their property at 14507 Heavenly Acres Ridge, Hancock, MD. The variance is for a riding arena for their horses.

The work they do in the community is unique and beneficial. They provide a therapeutic learning experience for all, both young and old.

We respectfully approve their request for the variance and encourage the Washington County Zoning and Commission to approve it.

Russ and Donna Miller 14629 Heavenly Acres Ridge Hancock, MD 21750 240-520-3018

Date: NOVEmber 27, 2022

To Whom It May Concern:

Please accept this letter as my support of the proposed variance for my neighbors, Keith and Virginia Coco, who reside at 14507 Heavenly Acres Rdg in Hancock, MD, 21750. Washington County Board of Appeals 80 W. Baltimore Street Hagerstown, MD 21740

# Re: Request for Variances: +/- 2.08 ac. located on S/S of Maugans Avenue (TM 24; Parcel 693; Tax ID No. 27-009360)

Dear Board Members:

2004 Maugans Avenue LLC, a Maryland limited liability company (the "**Applicant**") hereby requests two (2) variances from the Washington County Zoning Ordinance (the "**Ordinance**") as follows:

Min. Front Yard:	40' requirement (§ 19.7(B))
(Precision Place)	10' proposed
Min. Side Yard:	10' requirement (§ 19.7(B))
(McDonald's)	2' proposed

Although the subject property is currently improved with four (4) single-family homes, it is zoned HI (Highway Interchange) and is the proposed location for a +/- 6,129 sf. Convenience Store with accessory Carwash and Fuel Islands (collectively, the "**Project**"). A conceptual site plan for the Project is attached hereto and incorporated herein as **Exhibit A**.

#### **General Authority**

The Board of Appeals of Washington County (the "**Board**") is authorized by Section 25.2(c) of the Zoning Ordinance to grant variances from "height, lot area, yard regulations, parking space requirements, sign regulations, distance requirements specified in Section 4.9, buffer requirements and other distance or dimensional requirements."

Pursuant to Section 25.56, a variance may be granted upon a showing of either practical difficulty or undue hardship.

In this case, the two (2) requested variances are "dimensional" rather than "use" variances making practical difficulty the applicable standard.

Section 25.56(A) of the Zoning Ordinance sets forth the criteria for finding practical difficulty; they are as follows:

- 1. Strict compliance would unreasonably prevent use of the property for a permitted purpose or render conformance unnecessarily burdensome;
- 2. Denying the variance would do substantial injustice to the applicant and a lesser relaxation than that applied for would not give substantial relief; and
- 3. Granting the variance would observe the spirit of the Ordinance and secure public safety and welfare.

#### Setback Variances

'1

In the HI (Highway Interchange) zoning district, the required minimum Front Yard is forty feet (40') which is four (4) times greater than the ten feet (10') required for Side and Rear Yards.

In this case, the Property is deemed by the Zoning Ordinance to have three (3) Front Yards; Maugans Avenue on the N/S of the Property; Volvo Way on the E/S of the Property; and Precision Place on the S/S of the Property.

Thus, the most impactful setback requirement in the HI zoning district, being applicable to three (3) of the four (4) sides, is especially consequential to the subject Property and proposed Project.

It is important to note, however, that all primary structures associated with the Project (store building, carwash and fueling islands) are fully compliant with all setback requirements, even the most restrictive triple Front Yard requirement. Moreover, the minimum 40' Front Yard requirement is met on 2 out of the 3 applicable sides.

Nonetheless, on the s/s of the Property adjacent to Precision Place, the proposed 12' x 28' dumpster pad enclosure cannot be accommodated within the 40' min. Front Yard requirement from Precision Place or the 10' min. Side Yard requirement from the property line shared with McDonalds.

The Applicant respectfully requests a variance from Section 19.7(B) of the Zoning Ordinance to allow (i) a minimum Front Yard depth of 10' rather than 40' from the southern property line adjacent to Precision Place; and (ii) a minimum Side Yard depth of 2' rather than 10' from the western property line adjacent to McDonalds.

A graphic illustration of the required and requested minimum building setback lines is attached hereto and incorporated herein as <u>Exhibit B.</u>

#### Justification for the Variances

Unique and Unusual

The Property is unique and unusual in a manner different from the nature of the surrounding properties such that its uniqueness causes the subject setback requirements to disproportionately impact the Property in that:

- The Property is relatively long and narrow tapering even further on the E/S adjacent to Volvo Way;
- Being bounded on three (3) sides by public roadways, the Property is deemed by the Zoning Ordinance to have three (3) front yards thus making the most demanding setback requirement in the HI zoning district applicable to three (3) of the four (4) sides to the Property; and
- The Property's location at the intersection of Maugans Avenue and Volvo way as well as the intersection of Volvo Way and Precision Place imposes practical restrictions on the propoed Project, specifically with regard to obtaining safe vehicular access to and from the site.

#### Practical Difficulty

1

In this case, requiring strict compliance with the Ordinance would render conformance unnecessarily burdensome. As stated above, the Property's location makes it impractical to situate the proposed buildings and other necessary design components of the Project in any other way on the Property.

Denying the requested variances and demanding strict compliance with the Ordinance would force the Applicant to place the dumpster pad and enclosure essentially right in the middle of the Project which would be unnecessarily burdensome, unsightly and operationally impractical. See attached <u>Exhibit C</u>.

In an attempt to minimize the dumpster pad's encroachment into the min. Front and Side Yards, the size was reduced from  $15' \times 28'$  to  $12' \times 28'$ . Therefore, the Applicant has requested the minimum variances required to accommodate the Project and a lesser relaxation than that applied for would not give substantial relief.

As shown on **Exhibit B**, the current location of the proposed dumpster pad and location provides a min. Front Yard of 10.2' from Precision Place and min. 2.6' Side Yard from the McDonalds property. However, the final building design and site plan processes have not yet been completed. Therefore, Applicant has requested additional variance relief to provide a few extra inches on each side in order to allow reasonable flexibility in the final design process without having to return to the Board a second time.

As clearly seen from the aerial photograph of the Property attached as <u>Exhibit D</u>, the proposed dumpster location, being away from the primary road frontage along Maugans Avenue and directly adjacent to the dumpster location for McDonalds, granting these variances would facilitate observe the spirit of the Zoning Ordinance and secure public safety and welfare. Moreover, as illustrated in the example photographs attached as <u>Exhibit</u>

 $\underline{E}$ , the Applicant intends to construct the dumpster enclosure with a brick veneer and woodgrain textured composite material doors to enhance the visual appearance and reduce any perceived aesthetic incompatibility with surrounding properties

#### **CONCLUSION**

``

For the reasons and justifications stated above, the Applicant respectfully requests that the Board grant the requested variances so that the Project may proceed as proposed and illustrated on Exhibit A attached hereto.

A check for the Board's filing fee and engineering review fee, and list of adjacent property owners are provided herewith.

Very truly yours, JD LAW COMPANY, INC.

TRIAD Listens, Designs & Delivers

January 10, 2023

Jeffrey A. Piper, Applicant by Affidavit C. William Hetzer, Inc., Maryland, Owner Lots 1 thorugh 6, S & H, LLC 13810A, 13810B, 13812A, 13812B, 13814A and 13814B Weaver Avenue Maugansville, MD 21767

#### **BZA Variance Criteria**

The subject Lots 1 through 6 are located at 13810A through 13814B Weaver Avenue and are vacant and undeveloped at this time. These lots are shown on plats entitled, "Combined Preliminary/Final Plat of Re-Subdivision, Lots 1 Through 6, S & H, LLC" and recorded among the land records of Washington County, Maryland as plat numbers 9180 – 9181. These plats were finally approved on July 24, 2007 under the previous, now defunct 'RR' Rural Residential Zoning District, which then required a 10' minimum side yard setback for semi-detached dwellings (see Exhibit "A"). The zoning has since changed for this property and is now subject to the requirements of the 'RS' Residential Suburban District (see Exhibit "B"). This district requires a 10' minimum side yard setback for single family dwellings and 12' minimum side yard setback for semi-detached dwellings, which are what is intended to be constructed at this time. Due to the change in zoning and increase in setback requirements, the building envelope for these lots have been reduced, rendering them much less usable, buildable, marketable and desirable.

A. Practical Difficulty

1. Due to the reduction of the building envelope caused by the change in zoning and current side yard setbacks, the width of this lot will not allow for the construction of a typical width semi-detached dwelling. Based upon experience, local construction knowledge and other available information, the typical full width of a semi-detached dwelling is approximately 40', 20' of width for each half of dwelling. This would allow for a 16' wide single car garage and a 4' wide entrance way for each half of dwelling at street level. Strict compliance with the required side yard setback will render conformance unnecessarily burdensome and will only allow a dwelling width of approximately 34', 17' of width for each half of dwelling.

2. Considering the above information, denying the variances would do substantial injustice to the applicant and a relaxation lesser than the 8 foot side yard being applied for would not give substantial relief.

3. Granting the variance would observe the spirit of the Ordinance and not impede on public safety and welfare. (See Exhibit "C") Based on GIS and aerial images, there are existing business buildings, apartment buildings, single family dwellings and duplexes within 2 blocks

#### 13810A – 13814B Weaver Avenue Triad Job Number: 03-22-1053

East-West and 3 block to the North-South of this property that are within the current yard setbacks. The requested 8' side yard setback would create a minimum clear width of 16' between buildings, which would exceed the required fire separation distance.

#### B. Undue Hardship

1. Due to the change in zoning and increase in setback requirements, a typical width semi-detached dwelling cannot be constructed on these lots. A smaller width dwelling would not allow for the necessary frontage to accommodate amenities typically included in these type of dwellings. The infrastructure is in place within the right of way of Weaver Avenue, which would still need constructed and connected to these dwellings. Unfortunately, the cost of installing utilities to these dwellings will be difficult to offset if larger dwellings cannot be constructed. Considering these points, strict compliance with the Ordinance would prevent the applicant and owner from securing a reasonable return from or make reasonable use of this lot.

2. Since the change in zoning and increase in setback requirements occurred after the approval date of these lots on the previously mentioned subdivision plats, the difficulties and hardships are peculiar to Lots 1 through 6. (See Exhibit "D") There are only two other vacant and undeveloped lots out of more than 170 lots within 2 blocks East-West and 3 block to the North-South of this property. This property, being Lots 1 through 6 of this subdivision, is adversely affected by the change in zoning and increase in setback requirements.

3. As stated previously, Lots 1 through 6 of which the variance is being applied for is shown on plats that were finally approved on July 24, 2007 under the previous, now defunct 'RR' Rural Residential Zoning District. The zoning has since changed for this property and is now subject to the requirements of the 'RS' Residential Suburban District. The hardship is not the result of the applicant's or owner's actions.
