IX. METHOD OF AWARD AND TERMINATION

The price matrix has been prepared for the purpose of price comparison only. The actual contract hours and distribution of hours by position may vary from the values indicated in the price matrix.

With consideration given to prior annual usage, total sum proposals shall be based on an estimated annual usage as shown in the price matrix in Table A.

- C. Upon contract award, the County will clearly identify which proposed staff is considered acceptable to perform the services described herein.
- D. The County reserves the right to request specific staff. The Consultant shall make every reasonable effort to accommodate such requests. Repeated failure to

If a change in inspection personnel is required due to circumstances beyond the control of the Consultant, the following will be required:

 - 2. The substitute personnel shall, as a minimum, meet the same required qualifications as the original personnel to be replaced and their resume of prior experience and training shall be submitted for review and approval by the Division of Environmental Management.
 - 3. For any approved change of personnel, the original unit contract cost shall remain fixed and will not be revised.
 - 4. Repeated requests of this nature may be considered cause for the County to terminate the contract.
- G. Should the Consultant remove or attempt to replace personnel without written approval by the Division of Environmental Management, the County may terminate the contract. The Consultant shall be liable to the County for any cost incurred resulting from no site inspection of construction and/or for any costs to provide additional services either by County personnel or others. Such cost shall be reimbursed to the County or deducted from the Consultant's fee as applicable.

AGREEMENT

BY AND BETWEEN
BOARD OF COUNTY COMMISSIONERS OF
WASHINGTON COUNTY, MARYLAND

AND

I. PARTIES

This Agreement is made and entered into by and between **Board of County Commissioners of Washington County, Maryland**, a body corporate and politic and a subdivision of the State of Maryland (the “County”), and the firm of _____, a _____ corporation (the “Consultant”).

II. WORK EFFORT

- A. The Consultant hereby agrees to undertake the work efforts, generally and specifically defined within the Washington County Request for Proposal dated August 10, 2018 and all addenda (collectively the “RFP”) and the Consultant's “Proposal” dated _____ (the “Proposal”), the contents of said “RFP” and “Proposal” are incorporated herein by reference, and to adhere to, comply with and respond to all performance requirements, conditions, restrictions and provisions stated therein. If there is a conflict or discrepancy between the RFP and the Proposal, then the terms, conditions and provisions of the RFP shall control, prevail, and supersede the terms and conditions of the Proposal.
- B. The Consultant agrees to comply with all applicable Federal, State and local laws in the conduct of the work hereunder.

III. SCHEDULE

The Consultant may commence work within seven (7) days upon receipt of written Notice to Proceed from the County, such notice being contingent upon the execution of this Agreement by the County and the Consultant. The work shall be completed in an expeditious manner and in such sequence as agreed upon between the Consultant and the County and as set forth in the accepted Project schedule as contained in the “RFP.”

Failure to maintain the scheduled level of effort as proposed and prescribed and/or deviation from the aforesaid schedule without prior approval of the County shall constitute a ground for issuance of a Termination Notice in accordance with Section IV of this Agreement, except in cases in which the County agrees in writing that circumstances beyond the control of the Consultant shall warrant alteration, adjustment or deviation from the schedule.

IV. TERMINATION

The County may, upon written notice to the Consultant, terminate the performance or work under this Agreement, in whole or part, in accordance with the following criteria:

- A.1 Except as provided in A.2 below, if the Consultant shall default in performance of this Agreement in accordance with its terms and fails to cure the default within a period of ten (10) days after receipt from the County of a notice specifying the default, the County may terminate the Agreement.
- A.2 If the Consultant fails to provide an approved replacement as required by the “RFP” within one (1) working day of the departure of the individual being replaced, the County shall have the right to terminate the Agreement, immediately, without notice or opportunity to cure.
- B. If the County shall determine, in its sole discretion, that termination is in the best interest of the County, the County may terminate this Agreement, in whole or in part, at any time during the term of this Agreement. Any termination shall be effected by delivery to the Consultant of a Notice of Termination specifying the extent to which performance of work is terminated and the effective date of such termination. If this Agreement is terminated as provided for in this paragraph, the Consultant shall be entitled to compensation only for satisfactory work completed up to the effective date of termination.

If after termination of this Agreement or any part thereof for default under “A.1” or “A.2” above it is determined that the Consultant was not in default pursuant to “A.1” or “A.2”, or that failure to perform satisfactorily is due to causes beyond the control and without fault or negligence on the part of the Consultant, the Notice of Termination shall be deemed to have been issued under subparagraph “B” above, and the rights and obligations of the parties involved shall be governed and resolved accordingly.

Upon receipt of a Notice of Termination and except as otherwise directed by the County, the Consultant shall stop work under this Agreement on the date and to the extent specified in the Notice of Termination; shall take all necessary or appropriate steps to limit disbursements and minimize costs; and will furnish a report, as of the date of receipt of notice of suspension or termination, of the status of all activities conducted under the terms of this Agreement, including the work effort, funds, results accomplished, conclusions resulting therefrom and such other matters as the County may require.

Notwithstanding the above, the Consultant shall not be relieved of liability to the County for damages sustained by virtue of any breach of this Agreement by the Consultant. The County may withhold any payments to the Consultant for the purpose of set-off until such time as the exact amount of damages due to the County from the Consultant is determined.

V. DISPUTES

Except as otherwise provided in this Agreement, any dispute concerning a question of fact arising under this Agreement which is not disposed of by agreement between the Consultant and County shall be decided by the County Administrator, who shall reduce his decision to writing and mail or otherwise furnish a copy thereof to the Consultant. Either party may appeal the decision of the County Administrator to any court of competent jurisdiction under the rules for judicial review of agency decisions.

VI. AUDITS

- A. The Consultant shall maintain books, records, documents and other evidence directly pertinent to the performance under this Agreement and any Federal, State or local law, rule or regulation, in accordance with accepted professional practice and appropriate accounting procedures and practices. The County, or any of its duly authorized representatives, shall have access to such books, records, documents and other evidence for the purpose of inspection, audit and copying. The Consultant will provide proper facilities for such access and inspection.
- B. Audits conducted pursuant to this provision shall be in accordance with generally accepted auditing standards and established procedures and guidelines of the American Institute of Certified Public Accountants. The Consultant agrees to the disclosure of all information and reports resulting from access to records pursuant to subparagraph (A) above. Where the audit concerns the Consultant, the auditing agency will afford the Consultant an opportunity for an audit exit conference and an opportunity to comment on the pertinent portions of the draft audit report. The final audit report will include the pertinent written comments, if any, of the audited parties.
- C. Records under subparagraph (A) above shall be maintained and made available during performance under this Agreement and until three (3) years from the date of final completion of the project contemplated herein. In addition, those records which relate to any dispute or litigation, or the settlement of claims arising out of such performance, or costs or items to which an audit exception has been taken, shall be maintained and made available until three (3) years after the date of resolution of such dispute, litigation, claim or exception.

VII. DEFECTIVE WORK

The performance of services or County acceptance of required reports shall not relieve the Consultant from the obligation to correct any defective work, whether previously or subsequently noted, and all incomplete, inaccurate or defective work shall be remedied by the Consultant on demand, within a reasonable time, and at no cost to the County. "Defective work" includes, without limitation, such matters as erroneous tabulations, incomplete surveys, maps, or reports and incorrectly assembled reports, publications, etc. caused by error or omission, for a period of twelve (12) months after the final report delivery by the Consultant.

With regard to any construction resulting from services rendered to the County by the Consultant, any applicable statute of limitations shall commence to run and any alleged cause of action shall be deemed to have accrued not later than the relevant Date of Substantial Completion of the Work, and as to any acts or failures to act occurring after the relevant Date of Substantial Completion, not later than the date of issuance of the final Certificate for Payment.

VIII. CHANGES

The County may, from time to time, require changes in the scope of the services of the Consultant to be performed hereunder. Any such change, including any increase or decrease in the amount of the compensation to the Consultant, shall be incorporated in a written change order to this Agreement and payment or adjustment effected as set forth in Section XIV of this Agreement.

IX. WAIVERS

The failure of the parties to enforce, at any time, the provisions of this Agreement or to exercise any option that may be provided herein shall in no way be construed to be a waiver of such provisions nor in any way to affect the validity of this Agreement or any part thereof or the right of the parties to enforce thereafter each and every provision.

X. COUNTY FURNISHED DATA

All information, data, reports, records, and maps as exist and identified by the Consultant, available to the County without significant cost, and necessary for the work, shall be furnished to the Consultant without charge by the County. The County shall cooperate with the Consultant in every reasonable manner in carrying out the planning work, providing, however, that the needs of the Consultant for such support are made known to the County in advance of such need.

The County will not provide clerical assistance to the Consultant for this project and County personnel will not be asked to undertake surveys, analysis, tabulations, summaries, etc., of Consultant-produced data or documentation. However, County employees are free to participate in Consultant-conducted surveys as questionnaire recipients or survey groups for the purpose of providing information and opinions.

XI. DATA RELEASE

The type and quantity of data to be provided by the Consultant as the product of this effort is defined in the incorporated "Proposal" and/or SCOPE OF EFFORT, and the County reserves the right to use, duplicate and disclose this data, in whole or in part, in any manner for any purpose whatsoever and to authorize others to similarly do so. The Consultant shall not release the results of this study or any reports or other material pertaining to it without the express written consent of the County except to comply with appropriate State and Federal requirements. In such instances, the Consultant shall confer with the County before doing so. Materials approved for release by the Consultant cannot be distributed for profit.

The Consultant may publish information pertaining only to its services rendered under this Agreement, but shall not release copies of its documentation or final report to any other parties without the prior written approval of the County.

XXII. SUBCONTRACTING OR ASSIGNMENT

The benefits and obligations hereunder shall inure to and be binding upon the parties hereto and their respective successors, provided that any such successor to the Consultant, whether such successor be an individual, partnership, corporation, or other legal entity is acceptable to the County, and neither this Agreement nor the services to be performed thereunder shall be subcontracted, assigned or otherwise disposed of, either in whole or in part, except with the prior written consent of the County.

XXIII. DELAYS AND EXTENSIONS OF TIME

The Consultant agrees to prosecute the work continuously and diligently and no charges or claims for damages shall be made by it for any delays or hindrances, from any cause whatsoever during the progress of any portion of the services specified in this Agreement. Such delays or hindrances, if any, may be compensated for by an extension of time for such reasonable period as the County may decide. Time extensions will be granted only for excusable delays such as delays beyond the control and without the fault or negligence of the Consultant.

The County shall have the right, at its discretion, to change, alter or modify the services provided for in this Agreement and such changes, alterations or modifications may be made even though it will result in an increase or decrease in the services of the Consultant or in the cost thereof. Such changes, alterations or modifications to the services provided for in this Agreement shall be made by written change orders.

Any such change, alteration or modification which either separately or in combination results in a change in the scope of services or an increase in the amount payable to the Consultant will be processed by a written change order requisition and is effective only when the change order is issued.

The Consultant agrees that all data including but not limited to reports, drawings, studies, specifications, estimates, maps, photographs and computations prepared by or for it under the terms of this Agreement shall at any time during the performance of the services be made available to the County upon request and shall become and remain the property of the County upon termination or completion of the services. The County shall have the right to use the same without restriction or limitation and without compensation to the Consultant other than that provided in the Agreement.

XXVII. DISSEMINATION OF INFORMATION

During the term of this Agreement, the Consultant shall not release any information related to the performance of the services under this Agreement nor publish any final reports or documents without the prior written approval of the County.

XXVIII. SANCTIONS UPON IMPROPER ACTS

If the Consultant, or any of its officers, partners, principals, members or agents, or if an employee of the Consultant acting with its acquiescence, is convicted of a crime arising out of or in connection with the procurement of this Agreement or the services or any payment under it, the Agreement may be terminated as provided in Section IV. In the event of a conviction occurring after the expiration or termination of this Agreement, the Consultant shall be liable for the refund of all fees or profit paid under the Agreement. - B. Notwithstanding any review, approval, acceptance or payment for the services by the County, the Consultant shall be responsible for professional and technical accuracy of its work, design, drawings, specifications and other materials furnished under this Agreement.
- C. If the Consultant fails to perform the services, or any part of the services, in conformance with the standards set forth in subparagraph A above, and such failure is made known to the Consultant within two (2) years after expiration of this Agreement, it shall, if required by the County, perform at its own expense and without additional cost to the County, those services necessary for the correction of any deficiencies or damage resulting, in whole or in part, from the Consultant's failure. **GOVERNMENT-WIDE
DEBARMENT AND SUSPENSION**

Background and Applicability:

In conjunction with the Office of Management and Budget and other affected Federal agencies, DOT published an update to 49 CFR Part 29 on November 26, 2003. This government-wide regulation implements Executive Order 12549, *Debarment and Suspension*, Executive Order 12689, *Debarment and Suspension*, and 31 U.S.C. 6101 note (Section 2455, Public Law 103-355, 108 Stat. 3327).

The provisions of Part 29 apply to all grantee contracts and subcontracts at any level expected to equal or exceed \$25,000 as well as any contract or subcontract (at any level) for Federally required auditing services, 49 CFR 29.220(b). This represents a change from prior practice in that the dollar threshold for application of these rules has been lowered from \$100,000 to \$25,000. These are contracts and subcontracts referred to in the regulation as “covered transactions.”

Grantees, Contractors, and Subcontractors (at any level) that enter into covered transactions are required to verify that the entity (as well as its principals and affiliates) they propose to contract or subcontract with is not excluded or disqualified. They do this by (a) Checking the Excluded Parties List System, (b) Collecting a certification from that person, or (c) Adding a clause or condition to the contract or subcontract. This represents a change from prior practice in that certification is still acceptable but is no longer required, 49 CFR 29.300.

Grantees, Contractors, and Subcontractors who enter into covered transactions also must require the entities they contract with to comply with 49 CFR 29, Subpart C and include this requirement in their own subsequent covered transactions (i.e., the requirement flows down to subcontracts at all levels).

This contract is a covered transaction for purposes of 49 CFR Part 29. As such, the Contractor is required to verify that none of the Contractor, its principals, as defined at 49 CFR 29.995, or affiliates, as defined at 49 CFR 29.905, are excluded or disqualified as defined at 49 CFR 29.940 and 29.945.

The Contractor is required to comply with 49 CFR 29, Subpart C and must include the requirement to comply with 49 CFR 29, Subpart C in any lower tier covered transaction it enters into.

By signing and submitting its bid or proposal, the Bidder or proposer certifies as follows: The certification in this clause is a material representation of fact relied upon by the *County*. If it is later determined that the Bidder or proposer knowingly rendered an erroneous certification, in addition to remedies available to the *County*, the Federal Government may pursue available remedies, including but not limited to suspension and/or debarment.

The Bidder agrees to comply with the requirements of 49 CFR 29, Subpart C while this offer is valid and throughout the period of any contract that may arise from this offer.

The Bidder or proposer further agrees to include a provision requiring such compliance in its lower tier covered transactions.
