**ITEM NO. 1:** Inquiry: What was the amount of the Performance Bond issued last year?

Response: A performance bond was not required.

**ITEM NO. 2:** Inquiry: Who was it issued by?

Response: See response to Item No. 1 to this Addendum.

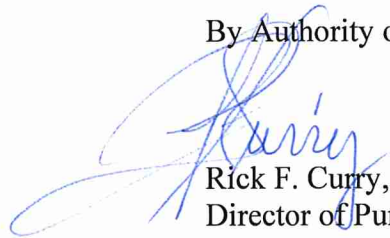

**ITEM NO. 3:** Inquiry: Will you provide a copy of the previous Performance Bond under FOIA please?

Response: See response to Item No. 1 to this Addendum.

**ITEM NO. 4:** Inquiry: PUR-1477 indicates that sodium ferrocyanide must be applied in a concentration of at least 20 ppm, however you have also indicated that you will not accept salt with 30 ppm YPS (another name for sodium ferrocyanide). Can you please explain why you will not accept it. If there is an upper limit on the sodium ferrocyanide concentration, can you please specify what it is?

Response: The County will not accept YPS 30 ppm due to all locations do not have salt domes for storing salt to limit the potential run-off of YPS. Twenty (20) ppm is the limit of acceptance for sodium ferrocyanide concentration.
