

Agenda Report Form

SUBJECT: Requirements Contract Award (PUR-1605) - Real Property Appraisal Services

PRESENTATION DATE: May 9, 2023

PRESENTATION BY: Brandi Naugle, CPPB, Buyer; Todd Moser, Engineering, Real Property Administrator

RECOMMENDED MOTION: Move to award a *primary* requirements contract to a firm and to award a *secondary* requirements contract to a firm, based on responsive, responsible proposals at the specified unit costs and estimated hours (no minimum or maximum guaranteed) in each firm's price proposal.

REPORT-IN-BRIEF: As a result of the Division of Engineering (DE) ongoing workload, it is anticipated that the DE shall require right-of-way related support from outside consultant(s). To this end, the DE desires to enter into a "Requirements Contract" with a consultant(s) to provide the necessary assistance on an as-needed basis.

Federal financial assistance carries requirements with regard to negotiations and relocation contacts with property owners. Contracting consultants to utilize qualified personnel is permitted with regard to appraisal, acquisition, negotiation or relocation. Consultants must follow approved State or local procurement procedures when Federal funds are used in the acquisition cost of the right-of-way.

The following provision is included in this contract: "Consultants shall be reimbursed for mileage traveled to and from the job site and between job sites. Washington County will employ a mileage rate based on the most recent U.S. Federal Government reimbursement rate. The present effective rate as of January 1, 2023, is \$0.655 per mile. The allowed maximum mileage to and from the job site shall be fifty (50) miles each way, per day. Reimbursement for travel between sites shall be made at the same rate. However, mileage between sites will not be limited. All mileage will be subject to County review and approval."

Notice of the Request for Proposal (RFP) was advertised in the local newspaper, on the County's website, and on the State's "*e-MarylandMarketplaceAdvantage*" website. Twenty-eight (28) individuals/companies/bid houses downloaded the RFP document from the County's website. Three (3) companies were represented at the Pre-Proposal Conference/Teleconference. Proposals were received from four (4) firms. The Q&E submittals of the four (4) firms were evaluated, three (3) firms were considered to be responsive, and one (1) was deemed to be nonresponsive; therefore, the Price Proposals of the three (3) responsive firms were then opened and evaluated.

The contract term is for a one (1) year period with an option by the County to renew for up to three (3) additional consecutive one-year periods. The County reserves the right to accept or reject any

request for renewal. These are requirements contracts; therefore, services will be utilized on an as-needed basis at the respective unit costs as specified in the attachment with no guarantee of a maximum or minimum amount of services to be provided.

The Coordinating Committee was comprised of the following members: the Director of the Division of Engineering (Committee Chairman Designee), County Buyer, Deputy Director of Engineering, Director of – Division of Environmental Management and the County Real Property Administrator.
